though content with his life on the ranch, he longs for something more, that he believes he'll never have, so he resigns himself to satisfy the ranch's need for a feminine hand and decides to order himself a mail-order bride. After her mother's recent death, Clare finds herself alone and completely broke. With nothing and no one else to resort to she decides to give her fate away as a mail-order bride, since that way she will at least have something that she loves, the life on a ranch. Cash and Clare thought the mail-order bride arrangement was the fastest and easiest solution to their problems. What they had no idea was that it would mean so much more for both of them. It would mean ALL their dreams come true... As per AR fashion, from the moment they meet the chemistry was off the charts. But Clare won't just give in easily to some growls. She is feisty and sure of herself, and that only fuels Cash's caveman/cowboy manners more to life. And boy, oh boy, was Cash one possessive OTT hero!!! He really was jealous of everyone and everything, where Clare was concerned. And he made literally no excuses for that. And that made Clare even hotter for him (I'm with you on that one, sister!!!) Talking about steam, be prepared with a new pair of panties, a cold shower or definitely NOT reading this one in public, because even considering how sweet and inexperienced they both are (you won't even realize ;)), and the fact that Cash managed to wait for his wedding night to actually have their first time, damn does this man like going down on his woman... Of course she isn't the only one ending up wet after this little number... And that's exactly what's wanted and expected from a Alexa Riley's story. With so many uncertain things in our real lives, it's fantastic to know that Alexa Riley's books aren't one of them. We always know a safe and orgasm-inducing little story is waiting for us!!! And that, like the sweet drug that it is, the high isn't even over and we already want MORE, so please give us our next fix!!! ARC kindly provided by the author in exchange for a honest review

Unschlagbarer Preis, keine Logik-Fehler, toller Schreibstil. Die Geschichte berzeugt, auch wenn sie recht konstruiert wirkt - wer allerdings auf der Suche nach einem realistischen Werk ist, sollte von Alexa Riley allgemein die Finger lassen. Trotzdem: Fr alle Fans von Romanzen klare Kaufempfehlung!

Kurzbeschreibung When Clare Stevens walked onto the McCallister ranch, she expected her life to be a certain way. She was the mail-order bride of the owner, and she was to fulfill her duties. Clean the house, cook for his men, and warm his bed at night. What she didn't expect was the beefy cowboy who walked in and literally swept her off her feet. Cash McCallister didn't have time to date and find a wife. So a mail-order bride seemed the easiest way to find a partner. He thought he'd made a mistake until he laid eyes on the little piece of sunshine that lit up his life. He never imagined a true love like this. He never knew an obsession could take hold so tightly. When drama hits the farm and their fast love is threatened, can Clare and Cash hold it together? Warning: This is literally as cliché as it sounds... and just as awesome. It's country living with high-calorie foods and easy sunsets. Come sit on the porch and stay a while. You'll like what you see.
