**Von N.M. Silber : Legal Briefs (Lawyers in Love Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Legal Briefs (Lawyers in Love Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Illegally good...Von LittleDarlingI have to admit that Legal Briefs, the third instalment in the Lawyers in Love series, is my favourite so far. It would have been easy to worry that N.M. Silber would have had a hard time keeping up the originality, the wit and the charm of the first two novels. But the truth couldnt be further from this in fact, she

managed to exceed the expectations. She definitely delivers the banter, sweetness, sexual tension and even suspense that were characteristic for the predecessors of Legal Briefs. Somehow I found that through the characters of Adam and Lily, the story gained even more depth and realism. Their love isn't an instant kind, it grew over many years. Their personal changes aren't sudden but take time and work from each of them to make the relationship healthy and strong. The history they both share gives so much insight into the characters and makes their encounters funny, meaningful and sweet. It is obvious very quickly that there is a lot of emotion behind their banter and their arguments. Well, obvious to everyone but them. Their banter and their rehashing of their childhood feud was incredibly endearing and had me laughing tears at times. There is just something unbelievably funny imagining two grown-ups with thriving careers arguing about licking a fruit roll-up in elementary school. Even when they finally are able to admit their feelings and start building a relationship together, they still have their arguments, banter and they do not lose their edge. This made them more real to me and I loved them even slightly more than Braden and Gabby. The issues both characters carry inside of them, the fears and the insecurities were something that allowed me to relate to them. The tender openness with which they approach those issues, mixed with a heavy dose of humour, sarcasm and with, relives and possible angst and keeps the story light-hearted and fun. And damn, when they take the banter to the bedroom holy hotness. Better get out the fire extinguisher. Not only are Adam and Lily extremely likeable as a couple, but they are also endearing on their own. Lily is sarcastic and feisty with an iron will to fulfill her dream no matter how many challenges this might pose. She is sweet and confident but at the same time has learned to keep her emotions to herself and not let anyone too close. Adam on the other hand is willing to let many women close -physically that is. Emotionally he could still be considered a virgin. But once he loves, he is extremely protective and sweet, with a huge amount of horny and sexy added to the mix. Seeing him and Lily get close and find their way into each other's hearts was a treat. Add to that their crazy friends, their awesome families and quite a bit of suspense with undercover agents, a hitman, the FBI and you have a perfect, entertaining and intelligent read. 5+ belly-laugh-inducing, panty-melting, smart-humour stars.

**Kurzbeschreibung** Once upon a time, childhood enemies grew up and fell in love ...Smart and sassy lawyer, Lily Adler, has been waging an epic battle with handsome and cocky Assistant District Attorney, Adam Roth since "the glitter incident" in preschool when they were four. Their friends' marriage, a mysterious neighbor, a federal trial, and some bossy big sisters guarantee they'll be spending plenty of time together. When they try to play nicely, will they discover that their reaction to each other is even more volatile? Can they manage to date without anyone sustaining injury? Can they avoid the mobsters trying to kill them without killing each other first? Find out in Legal Briefs. **NOTICE:** This book contains explicit descriptions of sexual situations and adult language. It is intended for readers over the age of 18. **Kurzbeschreibung** Once upon a time, childhood enemies grew up and fell in love ...Smart and sassy lawyer, Lily Adler, has been waging an epic battle with handsome and cocky Assistant District Attorney, Adam Roth since "the glitter incident" in preschool when they were four.
