KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. CuteVon CustomerAlthough it was a bit too much on xanders Side I still glad that they found each other finally... They behave like a married couple anyways but Mark was a really Bad character in this book can't believe he's such a jerk but

maybe he has his reasons and will find someone in your next story???

Kurzbeschreibung When your best friend is gay and you are straight life can present some interesting challenges especially if chance and circumstances conspire and you find yourself married to each other! Legally Wed from romance author Cecil Wilde is a perfect mix of friendship, love, and humor; with a few twists and turns to keep you turning the pages of this contemporary GLBT romance. Blake's a thirty-something lawyer climbing the career ladder to his dream job of DA. He's sacrificed any kind of life away from work to get to where he's going, and he's determined to get there. Xander's a contract lawyer stuck in a dead-end job and a string of unfulfilling relationships with men he can't love. He's been in love with his best friend almost since they first met in law school, but he'd never say anything, because he knows Blake can't love him back. During a desperately needed vacation for both of them, they wake up after a night on the town in Las Vegas--married. To each other. As if that wasn't bad enough, they soon realize that the story coming out would tank Blake's career and ruin Xander's life, so they can't afford to get a divorce. Their only choice is to fake it. For Blake, that means pretending he's not as straight as he's always said he is, and for Xander, it means the torture of getting what he's always wanted in the worst possible way. Add to that the trials of married life, and what starts out as an adventure quickly turns sour as life happens, confessions are made, and tragedy strikes. With his tentatively happy marriage hanging in the balance, Blake must engage in some serious soul-searching to find out that what he's always wanted had been right in front of him all along. But will it be too late to convince Xander of his intentions, after years of not being able to see him for what he was? Content Notes: Hot, Anal Play, Anal Intercourse, M/M, Contemporary, GLBT
