Wonderful short story Von Querleser Okay, for a geek Milo is a bit slow, but Lewis is the trademark jock: big, muscled

and dumb. It's nice to watch their developing love, though it's less a traditional development, cause Milo is already in love with Lewis and Lewis is clueless and just falls instantly in love during the story. And may I say that I really loved the creative variations of VanDeGraft's name and Milo's sarcasm!

Kurzbeschreibung Milo has a pretty good life: nice house, decent job, plenty of time to devote to the movies and games he loves. He also has a hot neighbor, Lewis, who frequently comes by to drag Milo out of his house. If Milo wishes they were more than neighbors, well, he's working on it. Then Lewis asks Milo for advice on how to catch the notice of a geeka man that is everything Milo is not, a man who turns his life into a living hell and makes it painfully clear that Lewis will never see him as anything but the nerd across the street.
