Von Annabeth Albert : Love Me Tenor (Perfect Harmony) before purchasing it in order to gage whether or not it would be worth my time, and all praised Love Me Tenor (Perfect Harmony):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Review on Annabeth Albert Love me Tenor(Perfect Harmony)Von irisAlthough I should not be surprised, but even after reading the 5th book of Annabeth Albert on my kindle I still can't figure out, how she and her unique writing style do it. Is it her rich imagination to create a surrounding so full of detail? Is it her fluent and emotional use of language? Is it her gift to visualize such a complexity for her characters with their good, competitive,vulnerable,secret and bad

sides? Ms Albert's MC feel/read like real persons in a setting that feels as authentic and vibrant. This time I got sucked even faster into the vortex of Trevor and Jalen's growing relationship and discovering what is of the most importance and meaning for their future, while the show moves further and further into the background. Again the story addresses some serious issues, this time Trevor's rather tough realization how to deal with his disease and accepting/asking others for help. The playlist Ms Albert provides at the end only further attests to her gift to vibrant detail and is great fun checking out! What a fabulous book! I could not put it down once I had started. Thank you again Ms Albert for another great reading winter afternoon/evening of such highly entertaining and enjoyable quality! This book will definitely remain on my kindle and be re-read again and again! 0 von 0 Kunden fanden die folgende Rezension hilfreich. great story, lovable MCs and music, music, music Von Cole Another excellent book by Annabeth Albert. I loved the first book in the series and I enjoyed this one at least as much. Trevor is a great character: vulnerable, lovable and drowning in insecurity about himself, his body and his voice. He has by no means come to terms with his recent past and is in a very fragile position when he meets Jalen, who by nature is a carer and 'fixer' of people. As usual Ms Albert understands how to develop both characters (although Trevor has got a longer way to go than Jalen), let them grow and become happier, more rounded men in the procedure, The 'enemy to lovers' theme is always fun to read, and Jalen and Trevor's arguing at the beginning (whilst secretly fancying each other) was great entertainment. Once they cleared that hurdle they had to work through the 'is this real or just for the show' issue which added some excellent tension. Nothing like a bit of heartache and suffering for the MCs! Finally Trevor had to face up to his illness and his family - both a major step in his personal journey. And Jalen learned that he can't fix everybody and everything! I also thoroughly enjoyed the careful development of their sexual relationship. It was touching to watch them find out what felt good and right for both of them and how this became a part of who they were together. That was really nicely and sensitively done! And hot. I love music and enjoyed the playlist left at the end of Treble Maker. I was delighted to find another one at the end of this book. I will certainly peek around YouTube pretty soon to relive some of the story! An excellent book, well worth reading - Trevor will steal your heart and Jalen is one of the most huggable guys I've come across! So looking forward to book three and Michelin's story.

Kurzbeschreibung There's no way hell shake this off Trevor Daniels is feeling aimless. A recent college grad, he's not sure what to do with his useless degree, and his family all but abandoned him after he revealed the truth about himself. But a friend's suggestion that he take his chances on a reality show aimed at finding the next big boy band strikes a chord with him until the show's producers convince him to act like he's in a relationship with a guy who's not at all his type. It isn't exactly love at first sight for Jalen Smith either but lust just might push them in an unexpected direction. If only their secrets weren't even more twisted than their sheets, threatening to cost them the win and each other. Praise for the Portland Heat series Tremendously charming and sexy. RT Books on Served Hot A really enjoyable story. Joyfully Jay on Baked Fresh Sometimes an author just gets everything right Absolutely perfect.
