Von Skye Warren : Love the Way You Lie (Stripped Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Love the Way You Lie (Stripped Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A different kind of stripper bookVon NinaI love Skye Warrens dark novels and LOVE THE WAY YOU LIE is not different. It is the first book of her Stripped Series, which I got as audio book in exchange for an honest review.I

discovered my love for audio books only recently, so I jumped on the chance to listen to this one. Veronica Fox did an amazing job when it comes to the emotions and different tones of each characters voice I really LOVED the way spoke Kip! , it was a really intense interpretation. Which is in absolute contrast to the general narration. It was slow, monotonous and oftentimes sounded like she was bored. This book is Honors, aka Honeys, story. Honor and her sister Clara are on the run from their father and Honors abusive fiancé Byron, who both happen to be the heads of the local mafia. Honor would do anything to keep her little sister safe and to find out more about the circumstances of her mothers unexpected death , even if that means stripping at a nightclub. It is 6 months after she ran away from her family and never would she have expected to meet a hot and sexy, yet strangely mysterious man in this environment. A man who she should stay away from even more so because Kip has more secrets than Honor could have ever expected. Who is he? What does he know about the things she is running from? Is he a cop? Someone she can trust? Or another one who wants to bring her down? Honor is weary and careful, yet she cannot elude the pull she feels towards him but letting her guard down is not an option, it would only end disastrous. Secrets and lies are unraveled with twists and turns leading the way. This story keeps you intrigued and glued to the pages or speakers, in my case. Moreover, the blurb does not give away much of the story, which makes it more difficult to predict what is going to happen in the first place. It is themed a dark romance, although it is not overly dark or disturbing. 4 *****!0 von 0 Kunden fanden die folgende Rezension hilfreich. A Dark Romance that will keep you on the edge of your seat! Von ink.eaters book blog Having started the series with its prequel, "Tough Love (Stripped 0.5)", I kind of knew what to expect - or so I thought, because I ended up getting something much different than I had anticipated. Not at all bad different, just... different. When I started reading "Love The Way You Lie", I hoped for a lot of Clara, and a lot of Giovanni. "Tough Love" was written from Clara's point of view, and focused, amongst other things, on her feelings for Giovanni. Clara however only has small cameos throughout "Love The Way You Lie", and her past love-interest barely gets a mention at all. After having read "Tough Love", I honestly thought the blurb of "Love the Way You Lie" indicated that it, too, would despite the physical differences sported by the cover models be from Clara's point of view... instead, book one in the "Stripped" series is written from Honor's point of view, and follows her journey of protecting herself and Clara, her little sister, from their past including Honor's (ex-)fiancé, Byron, a corrupt cop gone mafioso, and their father, who used to be king of the mob and was planning to marry her off in order to secure his status and lifestyle. Violence and life in their golden cage are just two of the things they mean to leave behind, but does the outside world really promise a better life? Their deceased mother's tracks take them to the town of Tanglewood, where Clara is forced to hide out in a shabby motel room, while Honor gets herself a job as a stripper, working the pole and pleasing customers, hoping to be able to maintain a low profile while trying to make ends meet. In addition to money and a certain amount of protection, her boss promises to do some research about their mother whose supposed cause of death Honor has long stopped to believe. While neither of them is too fond of their new lifestyle, they seem to accept it despite all the sacrifices it forces them and especially Honor to make. She does her job, survival and protecting Clara the only things that matter that is, until one dark, mysterious and very hot customer throws her off guard. Kip is interested in more than just a lap dance or a good time in one of the VIP rooms, and it doesn't take long before she finds herself drawn to him, too. Neither one of them can deny their attraction to one another, and soon enough, lust seems to no longer be the only feeling they spark in each other. Yet, Honor can't shake the feeling that Kip is dangerous. And Kip... Kip even tells her that if she was smart, she'd stay away from him. Neither one of them listens to their own - or the other's - advice though, and before they know it, their past catches up with them, uncovering lies and bearing more danger and violence than either one of them had seen coming. Was it wrong of Honor to trust Kip? Should she have listened to her intuition, and stayed away from the danger Kip was radiating? The danger, that was drawing her in? Or will Kip protect her when she needs him most? And what is Kip's connection to Byron? - Those questions will definitely get answered in "Love the Way You Lie", a dark and yet cute love story that will keep you on the edge of your seat until the very last page, containing both surprising elements as well as steamy scenes. I did at times but really only at times have trouble with the character of Honor, because she started coming across as too naive and young, as too much like her younger sister as she was portrayed in "Tough Love". Kip on the other hand I couldn't get enough of! I am a little disappointed that the novel didn't, at all, give away what happened to Giovanni I really hope that he made it out alive, and that there'll be a story to tell about Clara and him I'd really be looking forward to reading more about them! (;I'll be patient for now though, as I am also looking forward to the release of the next installment in the series, "Better When It Hurts", which is set for release on June 4th.*** I was generously provided with a review copy by the author, in exchange for an honest review ***0 von 0 Kunden fanden die folgende Rezension hilfreich. Verwirrend Von Lau Das Buch hat zwar eine vielversprechende Storyline, wird aber sehr sprunghaft erzählt. Gegen Ende wurde es auch ziemlich absehbar. Die Charaktere sind nicht sehr tiefgründig, meiner Meinung nach. Trotzdem kurzweilig.

Kurzbeschreibung "I've always been a fan of Skye Warren ever since I read Wanderlust. Her writing is flawless and

tales captivating. Love The Way You Lie is no exception. 5 Stars." ~ Pepper Winters, New York Times bestselling author of Tears of TessA dark romance about the lies that lead us down...I'll do anything to stay hidden, even if that means working at the scariest club in town. Then he shows up, mysterious and yet strangely familiar. And so damn sexy. When he looks at me, I forget why I can't have him. He's beautiful and scarred. His body fits mine, filling the places where I'm hollow, rough where I am soft. He's the only man who wants to help, but he has secrets of his own. He has questions I can't answer. I'm running from my past, but his might catch me first. *****LOVE THE WAY YOU LIE is a full-length novel that can be read as a standalone. Fair warning: contains scorching scenes in the VIP room. Books in the Stripped series. Tough Love (prequel)1. Love the Way You Lie2. Better When It Hurts3. Even Better4. Pretty When You Cry5. Caught for Christmas6. Hold You Against Me7. To the Ends of the EarthPraise for Love the Way You Lie: "I LOVED it! Instantly compelling and thrillingly unpredictable, Honor and Kip's story delivers a jagged, layered and enthralling adventure that weaves darkness and light with precision and purpose." - the lusty literate "Wow! I found Love the Way You Lie to be a dark, edgy and suspenseful romance. It's also addictive, sexy and downright dirty (in the best possible way)!" - Tina, A Reader's Blog "Love The Way You Lie was heartwarming, exhilarating and tantalizing with just the right tinge of darkness." - Warhawke's Vault Kurzbeschreibung "I've always been a fan of Skye Warren ever since I read Wanderlust.
