what happens to a woman at 8.5 months pregnant. Bram is super wonderful and always doting on her. Jessie Donovan does a phenomenal job of capturing the true side of a pregnancy towards the end. Business with the Stonefire and Lochguard Clans has kept Bram away most nights. Evie needs his touch, his protective power. I enjoyed the many conversations that Evie and Bram have on whether or not to have sex as this should bring on the birthing process. There is a sweet charm and wittiness that Jessie brings through in her work. After a most enjoyable interlude the baby has other plans and wants out! With Dr. Sid on the job in her eyes NO one dies tonight. Will Evie survive the birth? Is the baby to early? Sitting on the edge of your seat yet?? This is a must read and will most truly have you walking on the edge. Just remember cliffhangers are the best!0 von 0 Kunden fanden die folgende Rezension hilfreich. Plus Baby will make fourVon Donna HokansonEvie Marshall is near the end of her pregnancy and Bram is trying to get things settled so hell be able to spend more time with Evie and the Baby when it comes. But in the back of the mind is always the thought that humans carrying and delivering a dragomans child has risk to the human mother of dying. Evie is no exception to this and when things start to show something wrong Dr. Sid gets called right in. This is a great addition to the entire series as well as to Seducing the Dragon. Show the love thats grown between the two plus more. Well written and very entertaining to read.0 von 0 Kunden fanden die folgende Rezension hilfreich. Where's My Bat!Von Ingrid Stephanie JordanTitle: Loved by the Dragon (Stonefire Dragons #6)Author: Jessie DonovanReviewer: Stephanie JordanMs. Jessie Donovan has out done herself with every book she's ever written.Loved by the Dragon is no exception, I started it and could not put it down. This book sadly made me cry and then we'll you'll have to read it and you will know.Bram Moore-Llewellyn is Stonefire's Clan Leader, has been working with his Head Protector, Kai Sutherland and Lochguard's Clan Leader, Finn Stewart, all three have been working long hours to come up with a plan to get the Dragon Hunters. Bram has concerns for his human mate who is ready to give birth in two weeks. A lot of women who are pregnant with Dragon Babies die in birthing.Evie Marie Marshall was miserable at eight and half months pregnant, she couldnt get comfortable in any position. Evie would give anything to push this baby out now.Bram's Dragon had a grand idea, sex can induce labor. Evie didn't care but all it did was make her tired or did it work? I was gifted this ARC for an honest and truthful review.My Personal Stars ScoresBook Cover Rating 5+++++++ StarsHero Rating 5 StarsHeroine Rating 5+++++++ StarsSex Scenes Rating 4 StarsPlot Development 5 Rating StarsDialogue 5 StarsOverall Rating 5 StarsStorytelling Rating 5 StarsStoryEnding Rating 5 StarsWould I Reread This Book?? unquestionablyWould I Read Future Books By This Author?
