Funny, emotional readVon KleelI enjoyed reading about the Sterling boys in the previous book, so I was delighted to find out that this book is Kode's story.Bad guy discovering his feelings for his long-time enemy and turning soft - what's not to love. There are lots of funny moments, which made me laugh out loud, at the same time it is full of raw emotions. The parts from Kode's perspective are cheeky and up-beat.Once again, I really enjoyed the dynamic of the Sterling boys and the relationship between Tria and Kode made this book perfect.My favourite book of the series so far.0 von 0 Kunden fanden die folgende Rezension hilfreich. The thin line between love and hateVon GlckskindIs crossed more

than once in Kode's and Tria's story. I love them. They are my favorite couple from Sterling Shore so far (at the time of the review the last published book is Identical Disaster), because they are the couple that is not perfect. I really didn't like Dane and Rain, because all they did and do is putting their siblings down in one way or the other. Not in a bad way, but in a way that seems as if they don't think Kode and Tria could live without them looking after them. Well, in Loving War Kode and Tria break those bonds a little and grow to be together. I loved the struggle they both had while coming together and coming clean to each other and their friends. The blow up that results from Kode's actions we know from book 3 of the series made me cry, but I would recommend this book to everybody. Even as a standalone you can read it. It is the very best of Sterling Shore :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Love it Von Kindle-Kunde The story is great! I love the development of the characters and their relationship. I really enjoyed reading this book and couldn't put it down!

Kurzbeschreibung Tria Noles and Kode Sterling are a match made in hell, and no one will deny that. They've hated each other for years. Kode Sterling is the jerk who doesn't care what anyone thinks. Tria Noles hides under a cold facade to appear strong and confident. There's no possible way they could be anything together besides a volatile disaster. But when their chemistry overrides their logic, they have no choice but to face their twisted attraction to each other. When that attraction refuses to fade, what started off as physical turns into something neither of them expected or wanted. Tria has spent most of her life living in her sister's shadow, and it's no secret that Kode was once one of the many who adored Rain Noles. It's hard for her not to keep her guard up, because she doesn't want to feel overlooked once again. Kode starts to realize he might have been chasing the wrong Noles girl all these years. And there's a lot he did wrong in the past when chasing Rain that could jeopardize any future he has with Tria. There's a thin line between love and hate, just as there is a thin line between success and disaster.
