Von Sandra Brown : Low Pressure (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Low Pressure (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 5 Kunden fanden die folgende Rezension hilfreich. it's no funVon Petra Kubastait's no fun reading a murder mystery when you realize around page 200 (in a book with 467 page) who susan's murderer really is. apart from that it's the usual muck: gorgeous but society-wise undesirable gay meets beautiful society girl with a sexual problem only he can heal (of course) and a whole lot of other pop

psychology. Do female American authors have nothing else in mind ? I'll donate my copy to the local library, perhaps some simple soul will have a bit of fun with it.

Kurzbeschreibung Bellamy Lyston Price was only 12 years old when her older sister Susan was killed on a stormy Memorial Day. Bellamy's fear of storms is a legacy of the tornado that destroyed the crime scene as well as her memory of one vital fact that still eludes her . . . Now, 18 years later, Bellamy has written a novel based on Susan's murder. It's her first book, and it's an instant sensation. But because the novel is based on the most traumatic event of her life, she's published it under a pseudonym to protect herself and her family. But when a sleazy reporter for a tabloid newspaper discovers that the book is based on a real crime, Bellamy's identity -- and dark family secrets -- are exposed. Suddenly, she finds herself embroiled in a personal conflict and at the mercy of her sister's killer, who for almost two decades has gotten away with murder . . . and will stop at nothing to keep it that way. Pressestimmen "This is classic Brown, packing a story with plenty of romantic tension and chilling danger!" Romantic Times on LOW PRESSURE "Brown skillfully combines strong characterization with plots that keep the reader guessing all the way... A good old-fashioned thriller and a winner..." Kirkus on LOW PRESSURE "Sexual tension fueled by mistrust between brash Denton and shy Bellamy smolders and sparks in teasing fashion throughout." Publishers Weekly on LOW PRESSURE "Sandra Brown meticulously develops a stellar cast of characters, weaving them into a tense, gritty thriller that offers numerous plot twists leading to stunning revelations and a nail-biting conclusion.... I'm now wondering why I waited so long to enjoy this talented author's work. I highly recommend Brown's Low Pressure. Its multilayered, intricate and suspenseful storyline is enriched with vivid descriptions and crisp dialogue. If you enjoy romantic suspense, Low Pressure is a book you'll want to read in one sitting." USA Today on LOW PRESSURE Kurzbeschreibung Bellamy Lyston Price was only 12 years old when her older sister Susan was killed on a stormy Memorial Day.
