**Von Patricia Rice : Magic in the Stars: Unexpected Magic Book #1 (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic in the Stars: Unexpected Magic Book #1 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A Romp through the StarsVon Kindle JunkieThrough the author's mailing list I read an excerpt of Magic in the Stars and was at first ambivalent. However, as I do enjoy a bit of fantasy in otherwise realistic novels (see Mary Chase Comstock's

High Spirits at Harroweby) and eccentric characters, I agreed to read the full story, which was provided free by the author in exchange for an honest review. I am certainly glad I did decide to read it as I enjoyed the full story very much. The first few pages were a bit confusing, as quite a few characters were introduced, but that was quickly overcome. The heroine, maiden Lady Azenor Dougall (aka Aster), is the "Malcolm librarian" of her family using her special gift inherited through the females. The duties of the librarian entail the keeping and analysis of the zodiac charts of all family members, including the Ives branch. This brings her to the Ashford estate, seeking to warn Duncan Ives, the Marquess of Ashford, of pending doom. Duncan is not in residence; the estate is rundown and inhabited by several unattached males in comfortable chaos: the marquess' legitimate and illegitimate brothers as well as a young illegitimate son. It is very fitting that the hero, Duncan's brother Theo, is an astronomer manufacturing lenses; he's hoping to gain attention of the Royal Society for his telescopes. And so the story progresses with Aster, a very resolute young lady, attempting to convince Theo of the accuracy of what the heavenly bodies have revealed to her. Theo is quite attracted to Aster; he listens patiently and politely to her arguments. The story is well-written and told with grin-inducing humor. The antics and chaos of the Ives brothers' household were especially enjoyable. I would definitely classify this as a romp and look forward to the next installment of the series.

Von Melanie L. Magic in the Stars

written by Patricia Rice is the first book of the Unexpected Magic-Series. Lady Azenor (Aster) Dougall, the Prophetess of Doom and an astrologer, travels to Lord Theophilus Ives to inform him about the danger Lord Ashford, his older brother, is in. As an astronomer and scientist he doesn't listen to those superstitious tales. But what if Aster can really predict the future with the planets of the universe? First of all this was my first book by this author. So I didn't know what to expect or if I would like it or not. I loved the old setting of the early 19th century. From the first page, Patricia Rice captured my attention with her amazing writing style. Her words just pulled me right in and I couldn't escape the magic of her words and read for hours to the end of the book. Lady Azenor Dougall is a lovely woman with lots of problems on her hand. She thinks that she will bring doom to everyone she loves and is living a life in loneliness so she won't harm her family. When she meets Lord Theophilus Ives and his family, everything changes. Her predictions still come true but she learns slowly how to face problems instead of running away. And even though they have some problems in the start you can feel the growing attraction between those two. It really made my heart rate faster and made me smile more than once. It is a beautiful love story with just the right amount of disaster and sexual tension. That book certainly belongs to my favorites for the year 2016.

Von maMadame

Eigentlich bin ich kein Fan von Paranormal oder Fantasy, aber hier war eine gute Mischung. Ein Lord der nur forschen will, mit mehreren Brüdern, die ein völlig verrückter Haufen sind und eine Lady, die eine Hexe ist und des Lords Hilfe benötigt, der will aber mit ihrer Familie eigentlich nichts tun haben, aber diese "Hexe" zieht in nun mal an. Sie will mit Männern und schon gar nicht mit diesem Mann was tun haben, ist aber auf ihn angewiesen... Ich weiß nicht wie man die Geschichte wieder geben soll, man muß sie einfach wirken lassen und das fällt am Anfang etwas schwer. Es ist recht verworren und viele Gedankengänge der Protagonisten unterbrechen die Dialoge und die eigentliche Handlung, was mir es schwer machte dran zu bleiben. Ich bin aber froh das ich dran blieb, es nimmt dann mehr Fahrt auf und es wurde immer witziger vom Schreibstil her. Mir gefielen die beiden Charaktere und wie diese sich zueinander verhielten und dann noch der Haufen von Brüdern, die sich ständig verbal bekriegen und doch zusammen halten. Zumindest machte es am Ende Lust auf mehr von der Reihe, was ich wirklich am Anfang sehr bezweifelt hatte und nie geglaubt hätte.

Kurzbeschreibung Patricia Rice weaves magical love stories - Mary Jo Putney, NY Times Bestselling Author "Rice takes her readers on an amorous adventure in this magical tale." - RT Book s "There is never a dull moment. - Nightowl s

The long-awaited sequel to NY Times bestseller Patricia Rice's Magic series of historical romances is finally here! He's a scientist who studies the stars. She's an astrologer who predicts the future. Can a lonely witch save a handsome unbeliever from his own doom? The Lonely Witch

While creating zodiac charts for her eccentric and mysterious Malcolm relations, Lady Azenor Dougall a talented astrologer realizes the alignment of the stars poses a fatal threat to her beloved siblings. To protect those she loves, she flees her Scots home... and searches for an answer. The Handsome Scientist

Lord Theophilus Ives, heir presumptive to the Marquess of Ashford, is a renowned astronomer who has perfected a telescope capable of seeing beyond Saturn's moons. If only the women his all-male family attracted were as predictable as the laws of science. Nonetheless, Theo is undaunted by the tumult of his life until the day the luscious Lady Azenor arrives to warn them that his brother, the Marquess, is in terrible danger. The Magic in the Stars

Can Lady Azenor Dougall convince a laughing disbeliever of peril? And can she escape the fate her stars predict if she lingers too long in Lord Theo's enthralling company? If you enjoy the humor of Eloisa James, the history of Jo Beverley, or the emotion of Mary Jo Putney, don't miss this exciting new chapter in Patricia Rice's acclaimed romance series!
