And it's dark and cool and awesome, just like him.Von MinaNote: this is a novella in the Kate Daniels UF series and not really to be read without knowledge of the series. So if you're new to Kate Daniels, I

strongly recommend to start with Magic Bites. Review Oh my, I'm so happy Ilona Andrews finally did it! I actually thought that Derek would never get his own novella and what a shame that would have been! The story is set in the time after the events of Magic Shifts and Derek finally found his calling now that he is part of Kate and Curran's small pack of people, after Roland made Kate [and, by default, Curran as well] leave the Atlanta Pack. He is known as the Grey Wolf and his job is what he excels at and what makes him feel good: go after the real bad boys by all means necessary and bring them to justice. And more often than not, he is judge, jury and executioner all wrapped up in one. So here he starts out searching for the killer of a family he and his surrogate pack knew and while bringing the culprits to justice, he discovers that there is a far more sinister plan in the making, that the killed people were just collateral damage. And Derek, being who he is, follows the leads, fights for his life more than once in just one night and he even has his very own showdown. I say his own showdown, because to make the novella even more awesome, he is not alone in his short, but dangerous quest: Julie accompanies him and its them together that make the story a blast. What I loved most is that firstly the story casually answered a question I was asking myself for years now, and secondly that the voice of Derek in this book is definitely his. It's darker than Kate's books, just like he is as a character. So although it's a book in Kate's series, you'd never confound it with one of the main books. That, the cool plot and the awesomeness that is this whole world, make this a five star read. Hope there'll be more Derek-novellas.

Die starken Charaktere und die spannende Handlung zieht einen einfach in den Bann. Aus diesem Grund habe ich mich auch auf dieses Buch ber Derek gefreut, da ich fand, dass er in den letzten paar Bchern nicht genug Aufmerksamkeit bekommen hat. Derek ist nicht mehr der lebenslustige Junge von frher. Vor allem hier wird seine innere Zerrissenheit sehr gut beschrieben und die Dunkelheit, die in ihm weilt, wird hier sehr deutlich gemacht. Derek ist einer der Charaktere, der mit die grte Entwicklung durchgemacht hat. Ich finde es auch sehr schn, dass Julie hier mehr in die Handlung eingebunden wird, da sie fr mich einen der interessantesten Charaktere darstellt. In diesem Buch wird sehr schn gezeigt, dass auch Julie sich von einem jungen, unsicheren Mdchen zu einer selbstbewussten Frau entwickelt hat, die sich durchaus verteidigen kann. Ihre Art zu kmpfen fand ich auch sehr toll zu lesen, ihr Kampfstil ist sehr schn wild, passend zu ihrem Charakter. Nun muss ich sagen, dass mich die Handlung nicht sonderlich berzeugen konnte. Diese ist doch sehr dnn und nicht wirklich uerlich auergewhnlich oder spannend. Da hat sich das Autorenpaar schon besseres ausgedacht. Das Ende hat mir jedoch ganz gut gefallen, weil es schon so ein kleines Schnipsel davon anzeigt, wie die Zukunft von Julie und Derek aussehen knnte. Ich fr meinen Teil freue mich schon auf den nchsten Teil.

Chronologisch ist es nach Magic Shifts angeordnet. Die zwei Jugendlichen mssen sich gegen einen bsen Zauberer behaupten, der alle Widersacher umbringen lsst und dabei auch vor Kollateralschden nicht zurckschreckt. Eine sich anbahnende, bezaubernde Liebesgeschichte wird angedeutet, die uns hoffentlich noch lange unterhalten wird. Erneut ein kleiner Leckerbissen.

Kurzbeschreibung From award-winning author, Ilona Andrews, an original novella, set in the New York Times #1 bestselling Kate Daniels World and featuring fan-favorites, Derek, and Curran and Kates very independent ward, Julie. Scarred, solitary Derek Gaunt has separated from his Pack, and is truly a lone wolf. With no family he answers to no one; but is fiercely loyal to a chosen few. So, when several of those close to him are murdered, hell stop at nothing to hunt their killer through the magic-drenched streets of Atlanta. Never one to be left on the sidelines, equally determined some might say stubborn Julie Lennart-Olsen soon joins in his pursuit; and what began as revenge turns into a race to save the city. Their search pits them against powers they never imagined and magic so old, it predates history. It may cost Derek his life, but there are things for which even he would risk everything. The Wolf and Herald are not to be missed! BookNympho.com Ilona Andrews pens my favorite flavor of keeper novel: tough characters, marvelous voice, fast-paced with that sharp edge of humor that adds the final grace note. Jeaniene Frost, New York Times bestselling author of *Bound by Flames* ber den Autor und weitere Mitwirkende Ilona Andrews is the pseudonym for a husband-and-wife writing team. Ilona is a native-born Russian and Gordon is a former communications sergeant in the U.S. Army. Contrary to popular belief, Gordon was never an intelligence officer with a license to kill, and Ilona was never the mysterious Russian spy who seduced him. They met in college, in English Composition 101, where Ilona got a better grade. (Gordon is still sore about that.)
