Nice, quick readVon Jennifer GroppI downloaded this book for free. It was a nice little distraction story. The story has lots of characters that a person finds to be very very nice. But the rate at which the romance starts and takes off is too quick to be believable and when there is a fight it is too quickly resolved. I missed the phase of being hurt and afraid to open up again for a new relationship.This is book one of a series. I wouldn't feel the need to buy the next one except that the first chapter to book two is in book one. I found it to be better than the first story. If i ever see it for free I would download it and check it out.I would recommend this book for vacation or a rainy day.1 von 1 Kunden fanden die folgende Rezension hilfreich. Nice storyVon Andrea LoNice romantic plot, but without any depth or realism. Poor girl meet billionaire, they fall in love immediately and get engaged after one week.
