Von Kallypso Masters : Masters at Arms Nobody's Angel (Rescue Me Saga #1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Masters at Arms Nobody's Angel (Rescue Me Saga #1) (English Edition):

Ich konnte das Buch nicht mehr weglegen und habe mir danach sofort Teil 2 gekauft.Die Story hat alles was ein Erotik-Roman braucht inklusive BDSM.1 von 1 Kunden fanden die folgende Rezension hilfreich. Na, das war nichtsVon Love2listenDie vorangestellten Prologe waren noch das beste des Buches. Die Hauptstory windet sich entlang ausgetretener Pfade ber vielfach gelesene Klischees. Die Dreiecksbeziehung wirkt gewollt und die Chemie des Paares kam nicht wirklich bei mir an. Auerdem hat mich das "Lehrbuchhafte" an der Erzhlweise der Autorin sehr gestrt. Sicher ist ihr positiv anzurechnen, dass sie (vielleicht) ein richtigeres Bild von BDSM und den Menschen vermitteln will, wie man es sonst oft liest. Doch klingt immer ein erhobener Zeigefinger durch. Wer sich ber den Lifestyle informieren will, kann dies in Sachbchern tun.Wenn ich einen ROMAN kaufe, will ich eine Geschichte und kein Lehrbuch. Leider sind die Facetten, die eine Geschichte zu einer guten Geschichte machen (facettenreiche Figuren, eine sich logisch entwickelnde Handlung) deutlich zu kurz gekommen.Auf jeden Fall macht mich der Auftaktband der Serie nicht neugierig auf mehr. Schade, denn ich wre gerne mal wieder in eine spannende, gut geschriebene Serie eingetaucht.0 von 0 Kunden fanden die folgende Rezension hilfreich. A MUST READ!!! Fun, heartbreaking and HOT!Von CassandraSuch stubborn men! LOL It's a fun, heartbreaking and hot read for sure! You laugh, you cry, you wanna slap some of the characters at one point and hug them at the next.They could easily have a woman in their lives, if they just let down their guard and allow themselves to be taken care of! But then again...that would be too easy and too much fantasy and not like real life! Also the goods and bads that one comes across in the BDSM lifestyle, because there are some real s***heads out there.I love all the ups and downs and hurdles each and every one of the characters have to go through. Nothing comes easy in this life and Kally just shows that nicely. I love the complex characters she has created. After the great introduction with "Masters at Arms" into this saga, I was expecting a lot - and wasn't disappointed! I can't wait to go on reading and see where everyone's going.Knowing that Marc and Angel have another book...oh lord, I can't wait to see how he teaches his little Angel even further into this lifestyle.I could bite my own ass that it took me so long to start reading this series! But better late than never!

KurzbeschreibungThree men. Three paths to recovery. One unbreakable bond.And one very hot club.So begins the Rescue Me Saga in the Masters at Arms introduction. In Nobodys Angel, private BDSM club co-owner Marc d'Alessio loves being in business with the men he served beside in the hell that was Iraq. Working at their club has its perks, but Marc keeps women at bay. He's seen his fair share of danger, but women have proven to be hazardous to his heart. But when he saves Angelina Giardano from a disastrous first encounter at his club, he can't shake the attraction and desire he feels for hereven as she turns his lonely and safe world upside down. When Angelina's past threatens to destroy her, Marc answers the silent call to armsbut can he be the angel she needs? READY TO GET RESCUED? In the ongoing Rescue Me Saga, the reader will be swept into a world of honor, heroism, and romance. The books in this series are not stand-alone stories and should be read in numerical order, beginning with the Masters at Arms in this combined volume. Reader will connect with each hero and heroine and be able to see them return in book after book as the saga continues. Happily Ever After is only the beginning and other people will be introduced as they choose to join this growing family.BONUS MATERIAL in this version: Kallypso Masters has added the PLAYLIST of music that inspired her as she wrote about the first three couples mentioned in this combined volume, as well as a GLOSSARY OF TERMS and a CAST OF CHARACTERS in these books in the saga.KurzbeschreibungThree men. Im Kallypso Masters and I write deeply emotional, realistic stories of love, healing, and redemption. Each novel ends happilybecause theres enough uncertainty in life that I dont want to leave you hanging. But the Rescue Me Saga is about people who have formed a family of choice, so they will recur in (read: butt into) each other books (and even

spin-off series books) as they continue to work on issues of life, healing, and love. There always seems to be a level of kink/BDSM in my books. Not necessarily characters who live and breathe the club scene several times a week, but more those who live the lifestyle on a day-to-day basis from one end of the spectrum to another. Even those who don't enjoy reading kinky books have found these to be enjoyable, compelling page-turners, I think because the kink is not the main focus of the stories. I dig deeper into these people's lives and emotional issues. I also use kink and any other methods available to help characters heal from the hurts of the world. My books don't have predictable, cookie-cutter plots. Even though a book is in the same series, you can expect different heat levels and story/plot/character lines that fit each couple perfectly. Just like in your own family, these people aren't after the same thing in the same way and each has a personality of his/her own. I've been writing full-time since May 2011, having quit my day job the month before with no new job in sight. Luckily, readers latched onto these characters and continue to think about them long after a book is published, so you won't see this series come to an end. (And I do not believe in killing off main characters, so Adam may someday be about 90 but he'll still be alive and ticking.) With more than a million copies of my books on e-readers around the world and three have hit the USA Today Bestseller list (NOBODYS PERFECT, NOBODYS DREAM, and my first Box Set), so readers are still wanting more. I live in rural Kentucky with my husband of 32 years. Mr. Ray (as he became known by fans at KallypsoCon 2014) provided me with my own Happily Ever After despite having sworn off marriage and men at the age of 23. Funny what love can do to us to change our perspective, isn't it? That theme comes up in my books time and time again.
