One doesn't always want to read earnest books, bloody thrillers or heart-wrenching family sagas. This is a book which makes fun and makes you feel good. And what is better than that?0 von 0 Kunden fanden die folgende Rezension hilfreich. Not my favourite by lucy diamondVon MissisiNot

my favourite by Lucy Diamond but nevertheless a good read. The topic is more serious this time, covering violent ex husbands, clingy mother-in-laws, and health issues. The happy ending is kind of predictable but that's mainly what I enjoy about reading chicklit!
