Von Emma Holly : Menage (Black Lace) before purchasing it in order to gage whether or not it would be worth my time, and all praised Menage (Black Lace):

Emma you're the BEST!Von Ein KundeIt is impossible to pick up Menage and not immediatly fall in love with the characters. Kate is smart, sexy and adventurous, Joe is sensitive, caring, and creative,

and Sean is your typical misunderstood badboy. The sex was some of the hottest I had ever read but it was seamlessly immersed with a tender love-triangle story. Every person will be rooting for a different character but in the end you want it to successfully work out for all of them. If you have never read a black lace book I strongly urge you to begin with this one. This book has made Emma Holly my favorite black lace author! P.S. also catch *Cooking up a Storm* and *The Top of Her Game*! 3 von 3 Kunden fanden die folgende Rezension hilfreich. A very steamy, well-written book! Von Ein Kunde Kate is an interesting, stimulating, and challenging woman; gentle Joe and smart-mouthed Sean are exciting and sexy guys, and the fantasy/role-playing scenes are so hot they really had me going! The resolution of their love triangle was a little too easy, but the sex was so great I didn't care! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Get me some pliers and uncurl my toes! Von Ein Kunde This is the best Black Lace book I've read since "Outlaw Fantasy" (what happened to that book, anyway?) - which is saying something. You can really put yourself in the shoes (basque, french knickers, leather trousers etc) of the characters in this story and for me that makes it extra-hot. Lots of wild and different stuff but for once nothing that made me squirm! The boys are gorgeous, the heroine is not only someone you'd like to be, but someone you'd like to meet. And unlike so much erotica the ending is wholly satisfactory. Mmmmm. Ms Holly's next book is waiting on my pillow as I type, so I think I'll just end here ...

Kurzbeschreibung Bookstore owner Kate comes home from work one day to find her two flatmates in bed...together. Joe - a sensitive composer - is mortified. Sean - an irrepressible bad boy - asks her to join in! Kate's been fantasising about her hunky new housesmates since they moved in, but she was convinced they were both gay. Realising that pleasure is a multi-faceted thing, she sets her cares aside and embarks on a ménage trois with the wild duo. Kate wants nothing more than to keep both her admirers happy, but inevitably things become complicated, especially at work. Kate has told her colleagues that Joe and Sean are gay but the gossip begins when she's caught in a clinch with one of them in her lunch hour! To add to this, one of Kate's more conservative suitors is showing interest again, but she's hooked on the different kind of loving that she enjoys with her boys - even though she knows it cannot last. Or can it? **Pressestimmen** "Female fantasy off the leash" (New Woman) "Sizzling... the most sexually explicit reading material available" (Cosmopolitan) **Werbetext** Black Lace - erotic fiction for women
