Von Mia Sheridan : Midnight Lily (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Midnight Lily (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Not for me, too much going on...Von Carolin JacheMidnight Lily is the story of Holden Scott. Hes a famous football player, whose life got out of bounds and who now tries to get off the pain medication he has been addicted to for quite some

time. In the stillness of the lonely cabin his friend brings him to, he meets the mysterious Lily. But who is she? Ill keep my review really short this time. Its best to know as few details about the book as possible. I actually cried because of the book. But not because it hit me so hard with feelings. No. Sadly, because I couldnt really feel for a Mia Sheridan book :- (Archers Voice is in my top 3 favorites ever and Kyland enchanted me last year. Both books made me feel so much, but with Midnight Lily, there were so many twists and turns and so much mystery surrounding both MCs, that all this suffocated the romance in my opinion. I asked myself constantly, what the heck was going on and so everything romance-wise was totally secondary and kinda ruined the book for me. The writing was amazing, as usual. But everything else fell flat for me, hence the low rating. All in all, I rate Midnight Lily with 3 stars and can recommend it to fans of suspenseful book with a lot of questions surrounding the plot and Mia Sheridan-books.*** This review is also posted on CollectorOfBookboyfriends.com ***0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read Von Jen RI am not really sure how to review Midnight Lily. I really enjoyed the story, it was not what I was expecting going in, but I feel like if I talk about it at all it will just spoil it for others. Which I don't want to do. This is a hard one. I don't know that I have read any other books where I struggled so much to come up with what to write in a review. It was an unique read for sure and you should probably just go read it for yourself. It was a fun adventure. The story opens with Holden being dropped off at his friends remote cabin to detox and get his act together. He is spiraling down and is going to lose everything if he doesn't straighten up. Not that he seems to care that much, but still. He doesn't expect to see anyone else while he is up there, he should just be focusing on himself, but then he sees her. The girl in the woods. The girl who is a mystery. Who is she? Where does she live? What is she doing in the woods? Oh this was an interesting read. I really enjoyed it and when I got to the end I had to jump online and see if I could find other people to talk about this story with. Normally I write my friend while reading a book when something crazy or fun or heartbreaking or whatever happens, and with this story I did, but they were so vague. Just Eek! Stuff is going on with characters! You must read this book so we can discuss!! Since I can't really say anything more than what is in the synopsis I will leave it at this - go read this book. This story is not something I have read before and I'm still thinking about everything that happens. Oh it was great. Go. Read it. Then you will be in the know. Kurzbeschreibung A standalone romance from the New York Times bestselling author of Archer's Voice. Holden Scott is the prince of professional football. At least he was before he lost it all . . . or more to the point, before he threw it all away. Now he's out of a job, out of the public's good graces, and perhaps just a little out of his mind. So when a friend offers up his remote lodge in the wilds of Colorado, giving Holden some time away to get his life back on track, he can hardly say no. The last thing he expects is to see a beautiful girl in the woodsome wearing a white, lace dress who appears in the moonlight, and leaves no footprints behind. Is she a dream? A ghost? A product of his muddled imagination? Or something entirely different? Midnight Lily is the haunting love story of two lost souls reaching for each other in the dark. A tale of healing, acceptance, and the worlds we create to protect our own hearts. It is a story of being lost, of being found, and of being in the place between. THIS IS A STAND-ALONE SIGN OF LOVE NOVEL, INSPIRED BY VIRGO. Non-Paranormal, New Adult Contemporary Romance: Due to strong language and sexual content, this book is not intended for readers under the age of 18.
