Von Linda Howard : Midnight Rainbow (Mills Boon MB) before purchasing it in order to gage whether or not it would be worth my time, and all praised Midnight Rainbow (Mills Boon MB):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. another captivating novelVon Ein KundeThis book of Linda Howard - the second I read after "Now you see her" - is a nice lecture, but it is not as good as others she wrote. The story is well written - as the author always does, but it is a little

bit far-fetched. The former agent Grant Sullivan is asked to rescue the daughter of a wealthy American, Jane Hamilton Greer who has been kidnapped and is kept on a estate near the jungle in south america. Jane is supposed to know the whereabouts of a very important microfilm that is demanded by many countries all over the world. When Sullivan tries to rescue Jane he is astonished to see that she is not the spoiled upper class lady he thought her to be, but a very strong-willed person that doesn't complain at all about the rough times they encounter when they have to cross the jungle in order to get to the next town. If one doesn't have problems with the plot of the book and likes the writing style of Linda Howard, it is an enjoyable reading that contains many of the well known steamy love-scenes. (Dies ist eine .de an der Uni-Studentenrezension.)1 von 1 Kunden fanden die folgende Rezension hilfreich. Tarzan and Jane in the jungle.....Von Ein KundeMy second Linda Howard book. Not as good as Son of the Morning, but not bad. Jane is a strong feminine character who has some human qualities that keep her from being too perfect a heroine. Grant seems the typical hero though... My problem with the book is how neatly everything tied up at the end. In less than a page Grant is reunited with family who hasn't heard him laugh in 20 years. It was still an enjoyable read, the sex was steamy and the sparks flew. Isn't that what romance is all about?1 von 1 Kunden fanden die folgende Rezension hilfreich. A sexy jungle rompVon A. J. DentonThis is one of My favorite Linda Howard books. Blonde, tigerish Grant was a nice change from the usual dark haired heroes in LH romances. I just fell in love with him from page one, and Jane was perfect for him...a smart, self-reliant kind of gal. The story moves briskly, and there is a nice balance between action and romance. I was SO glad to see Grant and Jane again in "Midnight Rainbow" where they appear to help out the imperiled Rachel and Kell.

KurzbeschreibungPRISCILLA JANE HAMILTON GREERWas she a society girl in over her head, or part of an espionage ring that could compromise U.S. interests for years to come? The only certainty was that she was a captive in Costa Rica, and her very wealthy, very well-connected father wanted her outfast.GRANT SULLIVANHe was the best agent the government ever had, and he came out of retirement to rescue Jane. Finding her was easy; getting her out was something else altogether. In the time they spent together, questions of guilt and innocence began to fade against the unassailable reality that two people who never should have met were irrevocably in love.Pressestimmen"Steamy romance... perfect romantic hero... Howard's writing is compelling, especially the murder scenes" Publishers Weekly on Dream Man "A high-suspense romance...
