Von Jana Oliver : Mind Games (Demon Trappers Book 5) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mind Games (Demon Trappers Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Once again, great fun to readVon JeannyOnce again, great fun to read! I love to see how Riley and Becks grow older and closer, and am desperately waiting for the next book.1 von 1 Kunden fanden die folgende Rezension hilfreich. Riley's all grown up and at her best. Cool continuation of the Demon Trappers seriesVon MinaNote: this is book five of the

series and although a new phase in Riley's life started, it's a better reading experience to start at the beginning, with *Forsaken*. Review Riley has grown a great lot as a character over the course of the series and she is a far cry from the rookie demon trapper's apprentice she started out as. She hasn't lost her sass or her gift of the gab, oh no. Not in the least. After all she and her friends experienced, what they all sacrificed, she isn't spooked by much anymore. So when the National Guild, the witches, the Prince of hell himself mess with her, she isn't one to back away. But she thinks before she acts, takes the consequences for her and others into account and then decides. And owns her decisions. She was fabulous. A true example for others. And with this adult Riley, the series has become something even better than it was at the start. Don't get me wrong, the idea of the demons haunting the world and demon trappers, witches and necromancers living among other humans and offering their service for a price and the overall fight of heaven against hell forming the bigger picture, that was all great fun and intriguing right from the start. And it stayed that way. But now that the first story arcs are finished with *Foretold*, the plot profits from the now available depth of world, story and characters and their relationships. And still there is an endless battle going on and Riley, Beck and the others are still so very young, they aren't out of the picture and at their [happy?] end. In *Mind Games* Riley learns more about demons and some of it disconcerting and shaking hardened beliefs. She once again discovers the literal shades of gray and she has something of an epitome about how Lucifer uses discrimination and fear and pride to keep mankind from ever gaining ground against him. That insight and Riley's subsequent actions make for good premises for sequels [which I hope we'll get], although there isn't a cliffhanger or anything, it's all wrapped up. Oh and if you're in for the romance: finally there is a lot of it and I just relished reading about Beck and Riley, I actually felt the love. For me, this is the best book in the series yet, I like the new and improved Riley Blackthorn even more than the courageous kid she was at the beginning. Go, Riley!

0 von 3 Kunden fanden die folgende Rezension hilfreich. She did it again Von Daniela Mller Ich liebe Jana Oliver's :Riley Blackthorne -Demon Trappers serie. Eine der besten Buchreihen die es gibt. Jeder der die Bcher gelesen hat, mchte diese neue Geschichte auf keinen Fall verpassen. Jeder der die Bcher noch nicht kennt, direkt alle Bnde kaufe -kann man definitiv nichts verkehrt machen!!! I Love it

Kurzbeschreibung Riley Blackthorn's life as a Demon Trapper is about to hit the wall. Knowing she will always be a target for those who want to exploit her connections with Hell, she's learning defensive magic. It seems the only way to ensure she and her fianc, Denver Beck, have a future together. But not everyone in Atlanta, or at the Vatican, is pleased by this news. In fact, some want to ban the use of all magic, and Riley would make the perfect scapegoat. As a new demonic enemy stalks her, Guild politics roil the city, throwing the trappers into chaos. To protect herself and the man she loves, Riley will be forced to choose: continue in her legendary father's footsteps, or carve her own path. A path that may well lead to her losing everything she so desperately seeks to protect.
