And you find exactly this in this book. MONTANA SKY is a book of feelings, and you find all of them mixed in this story. The plot runs around three sisters who are the heirs of a just-dead man - their father. But each of these sisters didn't know until now the existence of each other, and to own the ranch their father leave to them, they'll have to spend a whole year together. But they are three completely different women - and three adorable beings in their own way. The problems begin when suddenly animals of the ranch start to be stabbed and turned into pieces. Then, the ex-husband of one of them says that he'll return to kill her wherever she is, and then a man is murdered... And all this happens in beautiful scenarios... The rest you'll have to read to find out. What I discovered by reading Nora's books is that she's a master and gifted storyteller. I haven't read a single book by Nora that I didn't like. She's so wonderful as Joy Fielding or Sidney Sheldon. Nora's superb! If you are already a fan, buy it now! If you haven't read a single book by Nora, well, I have to say, you just don't know what you're missing. Her books are better than many, many movies. Find out why.2 von 3 Kunden fanden die folgende Rezension hilfreich. 3 romances in one whole book plus a whallop of mystery! Von Ein Kunde Nora Roberts has never disappointed me...I've read almost most of her books and she always manages to captivate me. This book is one of my favorites..Montana Sky is a truly great book.The "Women of Mercy" are wonderful characters. Tess with her bold, independent, devil-may-care attitude would have you envying her for her strength and attitude. Willa with her capable strength and her iron will..the way she shoulder every day problems is remarkable. Lily with her quiet strength which helped her survive every gust of bad luck that faith delt her.Ahh..and ofcourse their men..Ben with his balant sexuality could make your toes curl and Neathedral ways is perfect for Willa's stubborn ways.Nate with his smooth..charming cowboy ways is perfect for Tess' restlessness.Adam with his calming, tenderness, and patience is perfect for Lily's battered soul.The mystery is great..it just keeps you guessing..I do adore mystery but my heart belongs to romance...and mix is a great thing!3 von 3 Kunden fanden die folgende Rezension hilfreich. My hat is off to Nora Roberts Von Ein Kunde I bought this book when it first came out, mostly because it was by Nora Roberts. When I started reading it the book grabbed me from the very start and the more I read, the more I enjoyed it. Roberts isn't just telling a story about 3 sisters and their romances, she's giving you the whole package ... the ranch, the ranch hands, Ben's family, the mothers of these 3 sisters and Montana. I fell in love with the characters in this book. As I read this book, and re-read it, I felt like I knew these people. The dialogue is great and the action "cat-fighting" scene had me visualizing it and laughing out loud. And let's not forget about the sexual tension between Willa and Ben, whew! But when Ben learns that Willa is a virgin, he backs up a little to give her some space and the time she needs. What a man! This book is probably my all time favorite, I honestly don't know how many times I've read it. My hat is off to you Nora Roberts, thank you for writing this book, I absolutely love it!
