IncredibleVon KundeMy perfect mistake4 flying bra StarsMy perfect mistake is the first book in Kelly Siskind's "Over the Top" series.Shay never used to be a pushover. Once she was as sassy as they come, but all that changed with her

now ex boyfriend. Now she's lacking big time in self confidence and spirit. But when her best friends decide the pity party is over, they're headed to Aspen and THE bra is going to change her fate a little bit. Kolton had it rough the past seven years. What should've been one of the luckiest days of his life turned out to be the worst possible. He's struggling to keep it all up, but is keeping himself in the past. You see, when his friends decide to take a little time out in Aspen he didn't see the fate of THE bra coming at all. And that's what I loved about this book. The characters are real, they struggle, they have annoying character streaks, but all of it makes them more "real". S*** like this happens and it's not always easy to keep up with it. Sometimes there's a lot more to consider when it comes to love and that's what the book shows us, to be ourselves, to do whatever you want and not what someone's expecting you to do. All in all it was a great read. KurzbeschreibungWhat happens in Aspen is definitely not staying in Aspen . . . A girls' trip to Aspen was exactly what Shay needed to forget about her toxic ex-boyfriend. She's got her girls, pristine slopes for skiing, and hot guys everywhere. Of course, her epic self-rediscovery goes completely to hell when a wild (and deliciously hot) skier knocks Shay on her ass . . . and war is declared. Kolton doesn't know what it is about Shay that makes him lose it. Not just his cool---although she does have an unholy gift for that---but his restraint. When anger gives way to explosive chemistry, they're both shaken with the intensity of it. But somewhere between lust and hate, Kolton and Shay realize they could have something real . . . if they don't kill each other first.
