wow Von Customeri love crossovers... I always thought the gods knowing ewch other would be great and the banter and bonds they would have together.... I'm sad that the story is already over.... so maybe there's going to be a sequel

that would be so great!!! maybe hades or bisha's story hehehe^^ or even both?

Kurzbeschreibung Ancient gods. Mother Earth. And the greatest power of all. Long ago, man was ruled by superstition, worshipping the Gods of Land, Sea, and Air. It was comfort and security. But modern man has evolved, relegating the gods to myth and legend. Theyre not real. Or are they? Being a god isnt easy. Loki should know. Play one harmless prank on the All Father and youre branded for eternity. Add in arrogant pantheons and a secret only but a few know, then its little wonder hes lived the majority of his long life among the humans. And romantic entanglements? Uh, no. Theres a saying about gift horses. A shame that didnt pertain to Creed Donahues latest assignment. At least he wasnt freezing his balls like the last one. Then again, meeting Loki, the Loki, has him thinking more about his sanity than any shit assignment. The Sleepers must never be free. Fate has a way of balancing the scales. Whether its justice, vengeance, or love, no one is exempt. Not even the gods. Because change is coming. For Creed and Loki, their epic tale of battle, love and loss, is just the beginning.
