...amazingly funny sexy adorable new series by Alice Clayton!!! #MustReadVon Bianca @BJsBBRoxie works as a private chef in Hollywood.That is, she worked as a chef, until a little cream-turning-into-butter-incident got her fired.

And blacklisted all over LA. (Blacklisted, except for our darlings Jack Grace from the red-head-series, who have a little cameo!!!) Now might be the time to accept her mom's 'offer' to come home to the little town in New York state, to run the family diner, as long as her hippie-mom is gone. (Gone as in be a contestant on The Amazing Race!!!) Roxie was just getting started with her company - it was really going well. But she needs money - and that's why we're (temporarily) moving to Bailey Falls, NY. To run the diner, the place where she learned and loved to cook, but also the place she wanted to escape from as soon as she turned 18. And now she's back. But everything might just not be as bad as she feared... because she runs into (literally runs into - or rather rolls around on the floor with...) Leo!!!! Leo is a local farmer who brings fresh produce into the diner every week. A reallllly yummy farmer with a beard! And eyes!! Oy, those green eyes! Extreme attraction on first sight - but both immediately make clear that they're not looking for something long-term. Which is perfect for Roxie - she'll be going back to California after the summer. But this sexy farmer makes it hard to remember why she wants to leave this town.... Lots of feelings and sexy funny scenes - but the end of summer will be here soon.... and there are still all the things/secrets Leo is not telling about himself... why is he even here, working on a farm?? WHAT WILL HAPPEN TO ROXIE LEO??? WILL THERE BE A CHANCE FOR A HEA??? WILL THERE BE A CLIFFHANGER??? NOPE . . . I'm not telling you _____ I LOVED THIS BOOK! I reallllly loved Wallbanger - and I loved all the following Cocktail books, but I didn't loooove them - but this one here... OY!!! SO GOOD! It was adorable and funny from the first word to the last! You can't help but love this chaotic cook and her hippie mom and especially the hot bearded farmer Leo!!! There are sooo many hilarious scenes and sexy scenes and cute and adorable scenes! Not everything is all strawberry cake and tomato-plants... there are some (minor) problems those two have to work through to find their Happy End.... You will so want your own bearded farmer after reading it. Was there something I didn't like? Hm, not really ... if I HAD to name one thing... there was probably a tiny little bit too much talk about food and farming and what all belongs to both. But it didn't bother me much - because I looove all things FOOD. NUTS was such an amazingly funny and sexy and farmery and kitcheny romance! You'll sooo fall in love with green-eyed-bearded-farmer-hottie Leo and his adorably klutzy chef Roxie! I'm ready to move to the Hudson Valley now. I'm accepting donations for my farm or villa via paypal! Now I really want to read books #2 + #3 Those will be about a hot-tattooed dairy farmer and a hotel-owner, who will fall in love with Roxie's besties!

Kurzbeschreibung The New York Times bestselling author of Wallbanger and Rusty Nailed is back with Nuts, the first in a brand new series set in New York's beautiful Hudson Valley. Roxie Callahan is a private chef to some of Hollywood's wealthiest, and nastiest, calorie-counting wives. After a dairy disaster implodes her carefully crafted career in one fell ploop, she finds herself back home in upstate New York, bailing out her hippie mother and running the family diner. When gorgeous local farmer Leo Maxwell delivers her a lovely bunch of organic walnuts, Roxie wonders if a summer back home isn't such a bad idea after all. Leo is heavily involved in the sustainable slow food movement, and he likes to take his time. In all things. Roxie is determined to head back to the west coast as soon as summer ends, but will the pull of lazy fireflies and her very own Almanzo Wilder be enough to keep her home for good? Salty. Spicy. Sweet. Nuts. Go on, grab a handful. **Pressestimmen** Small towns are filled with different personalities and Nuts is simply that, chock-full of so many special nuts you won't want to leave. (Heroes and Heartbreakers) Alice Clayton is a genius! (New York Times and USA Today bestselling author Emma Chase on MAI TAI'D UP) We want to bask in the afterglow: giddy, blushing, and utterly in love with this book. (New York Times and USA Today bestselling author Christina Lauren on RUSTY NAILED) An instant classic, with plenty of laugh-out-loud moments and riveting characters. (Jennifer Probst, New York Times bestselling author of Searching for Perfect on WALLBANGER) **Kurzbeschreibung** The New York Times bestselling author of Wallbanger and Rusty Nailed is back with Nuts, the first in a brand new series set in New York's beautiful Hudson Valley.
