KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Long, detailed and very emotional!Von KundeI loved it!It's a long story - such a welcome change from short stories that

leave everyone wanting more! It starts off quite sexy and the tension never stops; I immediately liked the characters and the world is typically intricate and detailed as always in Megan Derr's stories! There were a few interesting twists, I kept wondering and hoping as to who the mysterious man was, and the reveal is a truly amazing moment! It was exciting 'til the end and hard to put down, I really hoped for a positive end even when things did not look like it anymore, but then again that only adds to the experience. I wouldn't say it's for the faint of heart - being badly injured, killing things and drinking blood is a daily occurrence for the Princes. But if you enjoy darker fantasies, with the right amount of delicious M x M 'bedroom scenes', big overwhelming feelings of love, agony, dread and helplessness... and all that still with a happy end, then you will enjoy this!

Kurzbeschreibung In a kingdom ravaged by the beasts and terrors of an ancient war, the only hope against them is the army of mixed-blood beings known as the King's Legion: dragoons, shadowmarch, sorcerers, titans... and the Princes of the Blood, nigh-invincible warriors of fearsome magic and strength, their only weakness a need for pure human blood. When his brother runs away, Raff agrees to undergo the Bleeding, but he is a pale imitation of his strong, capable brother. No one expects him to survive and become a Prince, merely to die to save the rest of his family and preserve honor. But runaways and weaklings are the least of the kingdom's concerns when an ancient evil returns with new tricks, and their only hope lies with knowledge long lost and a fierce bond forged in darkness...
