Captured Von WOLI received a free copy of this story in exchange for an honest review. Honestly I can say I was captured by the first line till the end and when I reached the last line I was thinking 'What? Keep going!!!'. I am looking forward to the story how it will go on with the main characters. All I can say is I can't wait for it

Kurzbeschreibung The desert waste is a harsh and desolate place where only the strongest can live. Zan is an omega breeder, an invaluable asset to his pack if they are to continue surviving in this unforgiving land. He's been protected and sheltered his entire life, kept hidden from the dangers that lurk among the dunes. Zan's heart longs for freedom. Ripfang is one of those dangers. He's the alpha leader of the Red Moons, the most notorious wild pack of bandits known for terrorizing and raiding anyone who lets their guard down. Just his name can send shivers through the strongest alpha and that's the way he wants it. Sometimes to survive, it's better to hide behind a mask than let people know the truth. With the stars sparkling in the desert night sky the alpha and omega are guided together by fate, and their future is forever altered by the power that connects them. **OMEGA Captured** is the first volume in the Desert Wolf series. This series contains steamy love scenes, a HEA, a strong omega, a dashing alpha, mpreg (male pregnancy), and thrilling adventure in exotic locales.
