KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. too cliché, bad writing styleVon MilaThe book started off okay but after a few chapters it went downhill fast... It was so badly written, one cliché after another and the hero and heroine were sometimes too much of a stereotype. She was so naive that it just wasn't believable anymore and he was so weird. He started off as a sweet guy then he suddenly was a

total douche and then he tried to redeem himself but it just didn't work. Even right before the end he still jerks off to his ex and tells us he loves her and thinks about her but likes heroine more. Would you like a guy like that?? Happy end came much too soon after that so that I didn't envy the heroine at all...1 von 1 Kunden fanden die folgende Rezension hilfreich. ok fr zwischendurch...Von Kindle-KundeDie Story ist nichts besonderes, es ist alles sehr vorhersehbar, aber trotzdem flssig und sympathisch geschrieben.Es gibt ein kleines "Happy End" (wenn auch einige offene Handlungsstrnge), also muss man nicht unbedingt den Rest der Serie lesen.Fr zwischendurch war es ok, aber ich denke, die Story htte noch ein bisschen mehr hergegeben...0 von 2 Kunden fanden die folgende Rezension hilfreich. 5 StarsVon julieThank you so much for this book E. L. Todd! It was AMAZING! At the beginning of a book, the characters are always strangers to me, and eventually they become my own 'imaginary' friends! Well, in this books I was caught up and loving the characters at ONLY 9% of the book! I read A LOT and that does not happen often enough, so once again, Thank you!This is about Scarlet and Sean, how they went from being long term friends to more. However, some much more happened in between! The storyline was so fluid and never boring! The love story was the focus of the book without it crowding everything else that happened in the story. And, let me tell you, a lot happened!Scarlet was never an annoying main character, I could really relate with her. Sean was a bit of a douche at times but I really look forward to learning more about him in the second book(I am giving him the benefit of doubt). Ryan, her brother, was such a lovable character (one of my favorite, if not my favorite ;)). I would love for him to have his own story ;). If not, I really hope we see more of him in the second book (I hope he finds someone)! Finally, Cortland was such a sweetheart as well!I cannot recommend this book enough, the characters are so real to me! I finished it so fast... This is a great fun read for anyone looking for a good book that is more than a love story! But, once again, I promise the romance is still one of the main focus of this book! I CANNOT WAIT FOR THE NEXT BOOK!
