Von Lisa Kleypas : Only With Your Love (Vallerands) before purchasing it in order to gage whether or not it would be worth my time, and all praised Only With Your Love (Vallerands):

und eigentlich Stuss. Piratenstory halt. Und ziemlich vorhersehbar noch dazu. Um ehrlich zu sein, mochte ich die Protagonistin auch nicht wirklich, obwohl ich nicht genau weiss woran es liegt. Man merkt, dass "only with your love" eines von Kleypas' frühen Geschichten ist. Das Tempo ist ab und an etwas Off, es werden Szenen unnötig lang gezogen, nur um dann an anderer Stelle in ein paar Seiten abgefertigt zu werden. Es werden Themenkomplexe, wie Sklavenhaltung in Amerika, oberflächlich angekratzt, aber es wird nie wirklich darauf eingegangen, weshalb ich mich frage, wieso die Notwendigkeit besteht, es zu erwähnen. Auch der Charakterarch holt sich meiner Meinung nach in Grenzen. Trotz alledem habe ich ein paar entspannte Momente damit verbracht das Buch zu lesen und ich würde es wahrscheinlich sogar öfters wieder in die Hand nehmen. Denn letzten Endes müssen Piratenromane nicht unbedingt Sinn ergeben ;) 7 von 7 Kunden fanden die folgende Rezension hilfreich. This is my favorite Lisa Kleypas book.... Von Lee Haskell...and I've read them all except for her earlier books (before 1990) ONLY because I haven't been able to get my hands on them yet! Actually, all her books are great. This continues on the exciting Vallerand family but you don't have to read them in sequence to enjoy it. The love scenes are sensual and all throughout the book! That is one of the best things about Ms. Kleypas. She spoils us with wonderful and frequent heated, steamy romance. The two main characters who are destined for each other are very likeable and he wants her to want him as much as he wants her. I really like this aspect. Him wanting her more rather than the other way around as is usual in most romance novels. There is also a good plot and just when you think you have it all figured out, she'll throw you a curve ball just to make sure you're on your toes. It also reads very smoothly. All her books are well written and I went thru all her books too quickly. I wish she had written more. I look forward to reading them all over again. Before her, I never had the desire to keep any romance books permanently but you will want to keep this book after you read it. This book affected me the same as a nice glass of wine would have; warm, happy, content, and craving another one exclaiming disappointed disbelief that it's gone already. 6 von 6 Kunden fanden die folgende Rezension hilfreich. Lisa Kleypas' best by far Von Ein Kunde I agree with the previous reviewer. This is Lisa Kleypas' best book by far. It also has one of the hottest love scenes I've ever read. French-born Celia is a new bride on a voyage to her husband Philippe's home in New Orleans when her ship is attacked by pirates and Philippe is killed. She is taken to an island where a privateer called Griffin wins her in a fight. Griffin takes her through the bayou, seduces her against her will, and delivers her safely to the home of the Vallerands, her husband's family. There she learns that Griffin (whom she hates) is also connected to this family. When he is injured by the same pirate that killed her husband, Griffin is brought to the Vallerand home and Celia is forced to deal with him in close quarters.

Kurzbeschreibung Celia Vallerand fears for her life as she stares into the deep, arresting eyes of the dashing man who purchased her from the brigands who had abducted her. But it soon becomes clear that it's her virtue, not her life, that's in danger. The rugged, powerful renegade known only as "Griffin" arouses desires in Celia as dangerous as they are forbidden. And though she knows she must resist him, she fears she may be unable to do so. But the magnificent adventurer is a man trapped in a perilous deception. And the shocking secrets he guards could deny him the love of the fair captive lady who has enslaved his reckless heart.
