**Von Beth Flynn : Out of Time (The Nine Minutes Trilogy Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Out of Time (The Nine Minutes Trilogy Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. 5 arent enough!Von HeikeOut of time by Beth FlynnThis book was so amazing I cant even decide how many stars to give, but for sure 5 arent enough!Beth is an amazing author, she wrote her story like it happened and she witnessed it from a

front seat row. OOT answered lots of my questions from Nine Minutes, but it opened a hole worm can with new questions, cant even imagine how to stay patient till 2016, but I will! I waited patiently for OOT and it was worth every second it. I would like to write so much more about this book, but I dont like to spoil it for anybody who hasnt read it by now. There were so many twists and changes, I even read some parts again after I finished it for the first time, as I had the feeling I missed something important. Am I happy with the ending? Yes and no.. I am happy about the blue banana shows up, even when I dont know why yet, and I am very happy to know to whom it belonged. Am I in high hopes that there will be a happy ending in book 3, or many a new book of blues story or Crickets after book 3? Yes I am, I know Beth wont disappoint, and I cant wait to read more about her story. Thanks for sharing your amazing brain and book writing ability with us! I recommend this series (not only out of time) to everybody! 10 von 0 Kunden fanden die folgende Rezension hilfreich. There are so many awesome twists, you'll need a GPS. Von LittleDarling I think my brain might've exploded. And I won't even mention the damage to my poor little heart. "Out of Time" by Beth Flynn has left me an overwhelmed mess - emotionally and mentally. I already considered "Nine Minutes" to be exceptional, but "Out Of Time" reaches new heights. Its complexity and intelligent plot left me breathless. Just when I thought I had things figured out - bam, another twist punched me in the stomach. The story is an intricate web of deceit, lies, betrayal, dreams, hopes, love and so much more. There are so many separate threads that intertwine at times, run together and make the story captivating and suspenseful. I'm in awe of Beth Flynn's talent, because it takes some serious skill to create that kind of elaborate story and still allowing the reader to follow and get emotionally invested. And emotionally invested I was. Throughout the book, I've been going back and forth between my loyalty to Grizz and to Grunt (Tommy). Both men have their good and bad sides, both have done things out of selfishness or jealousy. But both of them clearly love Ginny. Their background stories gave me a better understanding of who they are and why they do what they do. The depth of their love for Ginny - or should I call it obsession - became much clearer. And I wasn't sure if I should envy or pity her. Yet, I have to admit that Grizz is more selfless in my opinion. He would do anything to ensure Ginny's happiness, while Tommy believes only he can truly love Ginny and make her happy. I feel that Grizz deceives Ginny to ensure her safety. Tommy does it purely for selfish reasons. So yeah, after finishing the book I'm definitely a proud member of Team Grizz. His story is so twisted and unexpected that it left me breathless. But the same thing can be said for all the other characters. By the end of "Out Of Time", one thing is very clear to me: Ginny can't really trust anyone and quite possibly can't be trusted either. But that's something I'm eager to find out in the third book. What really impressed me was Ginny and how she handles one revelation after another. I'd be a basket case if I had to switch places with her. She's always had a lot of strength. And always was smart enough to know that Grizz wasn't a good guy. Now she really faces the truths that have been hidden from her and is willing to stop sticking her head in the sand. Instead, she starts standing up for herself, not only demanding answers but is also hell-bent to not let anyone manipulate her again. She has an immense strength and considering everything she went through and all the things she found out, she needs that strength just to keep standing. There were many moments that left me sobbing. Moments that broke my heart. And it broke for Grizz, for Ginny and even for Grunt. Other moments made my jaw drop, shocking me into bewildered silence. I can't express how much I love this book, this whole series. It's the best MC book ever written. 5+ forever-Team-Grizz stars.

Kurzbeschreibung RECOMMENDED FOR READERS 18 AND OLDER DUE TO STRONG LANGUAGE, SEXUAL SITUATIONS AND VIOLENCE. This is Book 2 of 3 in the Nine Minutes Trilogy. Out of Time is not a standalone novel. I highly recommend that you read my first novel, Nine Minutes, to be able to understand the background stories of the main characters. There are many twists and turns in both books that can best be connected if read consecutively. Although I do answer the outstanding questions from Nine Minutes, there is more to this story, and some readers may consider it a cliffhanger. Other readers may be satisfied with the answers and the ending. Regardless of which category you fall into, I hope you enjoy the story. They thought with his execution it would all be over. They were wrong. The leader of one of South Florida's most notorious and brutal motorcycle gangs has been put to death by lethal injection. Days later, his family and friends should have been picking up the pieces, moving on. Instead, they've been catapulted into a world so twisted and dangerous even the most ruthless among them would be stunned to discover the tangled web of deception, not only on the dangerous streets of South Florida but all the way to the top. In this gripping follow-up novel to Nine Minutes, Out of Time takes readers from the sun-drenched flatlands of 1950s Central Florida to the vivid tropical heat of Fort Lauderdale to the halls of Florida's Death Row as we finally learn the gritty backstory of Jason Grizz Talbot and the secret he spent his life trying to conceal. Not even Grizz's inner circle knows his full story: the tragedy that enveloped his early life, the surprise discovery that made him the government's most wanted and most feared, and the depths of his love for Ginny, the tenderhearted innocent he'd once abducted and later made his wife. Once Grizz's obsession and now the mother of his child, Ginny has spent years grieving the man she'd first resisted and then came to love. Now remarried to Tommy, a former member of the gang, the pair have spent more than a decade trying desperately to live a normal existence far from the violent, crime-ridden world they'd once

carved out on the edge of the Florida Everglades. For Tommy, especially, the stakes are high. Desperately in love with Ginny for years, hes finally living his dream: married to the woman he never thought he could have. But even with the faade of normalcy thriving careers, two beautiful children, and a genuinely happy and loving marriage they cant seem to put the past behind them. Every time they turn around, another secret is revealed, unraveling the very bonds that hold them together. And with Grizz finally put to death, now Ginny has learned secrets so dark, so evil shes not even sure she can go on. Will these secrets tear their love to pieces? And how far will Grizz go to protect what he still considers his, even from beyond the grave?
