PHEW!Von CassandraJonah...Jonah...Jonah...owner of the BDSM Club Serve throws his composure to the wind as soon as Caroline steps into his Club. Just one encounter, her reserve and her total aversion to what happens in the Club, draws him even closer to her. Under all those walls, he sees a beautiful submissive that evokes

his protective and lustful side. Caroline is someone a lot of readers might compare to. She's her father's proud and always doing the right thing, never breaking out of the norm. Spending an evening at Serve to research an article don't turn out the way she thinks. The minute she meets Jonah she's drawn to him, a strange chemistry even she can't resist and yet doesn't understand and tries to fight off. Well, this one evening is enough to ignite a fire and desire both can't stand away. Both can't stop thinking about the other. Jonah knows Caroline disapproves this lifestyle and a future doesn't seem possible. But he wants to own her, teach her about BDSM and protect her. Caroline can't lose control, not with her father's work at stake and morals intact. But Jonah has a pull on her, makes her feel alive, makes her forget about everything. And he has a secret, a vulnerable side that only she can help with. I wanted to strangle Caroline a couple of times. Although her standpoint was understandable, I wanted to kick her ass. Jonah, being a Dominant and owner of a BDSM Club appears weak a lot of times, not what you would expect. But after all, it was a great read and both came to senses. This was my first Tessa Bailey book, but definitely not my last.
