Read through Kindle Unlimited.Von AJThis book pleasantly surprised me.I only read it because of a quote I saw in one of the many book groups on facebook, and because it's on KU. I expected a lot less story and lot more degrading porn scenes. What I got was two great main characters with strong believes in what they were doing, and in consent and

treating each other as well as their colleagues with respect on and off screen. While porn, as well as storylines where one of the main characters has sex with someone else while in a relationship (even if the other person knows about it and it's for work) will never be my kind of books, I really liked the book and can recommend reading it. 3 von 3 Kunden fanden die folgende Rezension hilfreich. Logan und Devi Von Minelli Lustigerweise habe ich erst am Montag einen Beitrag bei P-Darsteller gesehen, die im privaten Leben nicht glücklich werden, weil die Partner mit dem Beruf nicht klarkommen. Die Story ist in Ordnung. Leider ist sie jetzt nicht so besonders, dass ich dafür 5 Sterne geben möchte. Logan und Devi sind beide in der P-Szene tätig und sind seit sie mal miteinander gedreht haben ineinander verschossen. Als sie ein Projekt zusammen machen gehen die Gefühle tiefer. Logan war die ganze Zeit eigentlich so ein richtiger Mann. Er konnte sie bis kurz vor Schluss nicht in Devi hineinversetzen und wusste nicht was er falsch gemacht hat. Devi fand ich ganz sympathisch, obwohl mir von Anfang an klar war wie es mit ihren Gefühlen, vor allem zum Ende hin, bestellt ist. Ich mochte das Ende und ich fand das Highlight des Buches waren Devis Eltern. Das ganze war an sich nett zu lesen und auch gut geschrieben, aber trotzdem kein 5-Sterne Buch. Ich empfehle es trotzdem gern weiter.

Kurzbeschreibung "An original storyline with witty writing, captivating characters and scorching hot sex that also managed to make me highly emotional. Everything I want in a book!" ---New York Times Bestselling author Penelope Ward You know me. Come on, you know you do. Maybe you pretend you don't. Maybe you clear your browser history religiously. Maybe you pretend to be aghast whenever someone even mentions the word porn in your presence. But the truth is that you do know me. Everybody knows Logan O'Toole, world famous porn star. Except then Devi Dare pops into my world, and pretty soon I'm doing things that aren't like me--like texting her with flirty banter and creating an entire web porn series just so I can get to star in her bed. Again. And again. With Devi, my entire universe shifts, and the more time I spend with her, the more I realize that Logan O'Toole isn't the guy I thought he was. So maybe I'm not the guy you thought I was either. "Fascinating, sexy and utterly surprising, P\*rn Star is an unconventional, page-turning, hot romance with a sweet heart hero. Yes, he is a sweetie pie!" - Lauren Blakely, NYT Bestselling Author
