I loved the book from page one, it is compelling and captivates you in its brilliant writing you will not realize it was written by not one, but

two authors. Annika Martin and Skye Warren really did an amazing job! This story has it all suspense, a real storyline, a tortured hero and heroine, it is peppered with some steamy scenes and has more than one hot and dangerous alpha male. Although classified as dark romance, it is not overly dark and twisted yes, it has a violent and disturbing undercurrent, and yes, it also contains at least one non-consensual scene, but it is still not that disconcerting be prepared to fall for the anti-hero that is Grayson, he will gain your empathy and makes you somewhat understand where he comes from. The synopsis gives away pretty much nothing. And that's a good thing and these reasons I'll keep my description as vague as possible as well. Believe me, you will enjoy it so much more! Abigail Winslow hides behind her books, with her glasses as her security shield. Better go by unnoticed than attract any unwanted attention. She had a terrible childhood and is now doing everything to not end up like her mother did a total waste of space. For her studies she is assigned to a teaching job at a prison. She loves the written word whether it is writing herself, reading or cajoling others to write their minds. The project she is pursuing with her classes at the prison is an online journal a platform where the prisoners can publish short but true stories about themselves. From the beginning she questions the ability to teach these well wild men but when *he* enters her class, she feels lost completely, hoping to escape the prison in one piece. Him. Grayson Kane. He is mysterious and brooding a force to be reckoned with and everything in a man your mother told you to stay away from far away! He is dangerous and literally screams trouble! And trouble he is once he heard about Abby's classes, he is determined to participate to ultimately bring down the people who destroyed his life. That innocent looking Abby attracts him like light does the moths not to mention his lack of female company during the last two years is only a plus. Not that Abby doesn't feel that pull toward this beautiful yet flawed and daring man. Well it is a good thing, because Grayson is about to make her one essential component of his plan. So, let's start with Abby. Meek and timid? Scared and helpless? The first impression of her might be a bit deceptive. Her childhood roughened her. She still may be a little bit innocent, but she is not weak at all. She has a fierceness to her that surprised me. I only wished we got more information about her background there were these tidbits of details, but they simply didn't seem to be enough. Grayson. Swoon. Yes, swoon! And yes, he is intimidating and has a f***ed-up way of showing his affection for Abby and his need to protect her from everybody but himself. There is no sweetness and sugarcoating at all he is a tortured man ferocious, intense and sometimes even brutal and soft is a word that does not appear in his vocabulary. His sense of right is so very badly messed up, yet you cannot help but somehow comprehend why he is acting the way he does which shows the amazing portrayal of his character. This book is full of anti-heroes. All those messed-up and violent men, who do many things that society considers wrong you should despise them, hate them hell, run for your life, far away from them yet, you are absolutely powerless to not fall for them in the end. They all come from a very bad background, which is what welds them together and shaped them into the men they are today: feared and violent bad-azz alpha males with a corrupt code of honor. I am absolutely intrigued by every one of them and can already tell we are in for a hell of a brilliant series! While this book might not be for anyone, I highly recommend it to everyone that can handle a rougher romance. It is full of action, fast paced, semi-dark, shocking and intense a read you do not want to miss out on! You will not want to put it down, yet you'll want the story to go on forever I know I'll be anxiously awaiting the second book I'm wondering whose story it will be. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good, dark-ish read Von Carolin Jache Prisoner is the story of Abby, a 22 year old student, and Grayson, a 26 year old inmate. Yes, a convicted felon in the prison, Abby has to teach an English class for. There is a certain OTT chemistry between the two completely different people. But when the tables turn and push comes to shove (literally), can the chemistry turn to something real? First off Prisoner is not as dark as I thought it would be. Yes, it was gritty and raw and definitely not a cookie-cutter romance. But not as dark as predicted. The sex-scenes were at the beginning only semi-consent, but holy moly very hot! The writing was amazing, I loved Wanderlust by Skye Warren already and in collaboration with Annika Martin, it made for a very suspenseful, sexy and YES weirdly sweet book. Sweet in the sense, that I found the love-story very heart-warming, insta-love be damned! There are definitely some points from the plot, that are unresolved in the ending, but there was definitely a happy ending for the couple, so this book can be read as a standalone. To this point, there was no information whatsoever from the authors, if or when there will be a second novel in this series. But don't worry, the ending was very satisfying. Why not the full 5 stars then? Well, I had a few minor issues. But they were so small, that they are not even worth mentioning. All in all, I rate Prisoner with 4,5 stars and can recommend it to fans of dark(ish) romance. *** This review is posted on CollectorOfBookboyfriends.com *** 2 von 3 Kunden fanden die folgende Rezension hilfreich. Einfach atemberaubender erotischer Thriller Von Bianca Flier Wow! Was für eine atemberaubende Geschichte. Vom ersten bis zum letzten Satz Spannung, Spannung und noch einmal Spannung. Abigail und Grayson lernen sich im Gefängnis kennen. Sie als Leiterin eines Literaturkurses für Gefangene, er als gefährlicher Häftling. Von der ersten Minute an funkt es zwischen den beiden. Als er sie bei seinem erfolgreichen Ausbruch als Geisel nimmt, beginnt eine raue Erotik zu knistern. Gegen ihren Willen findet verflucht Abigail ihrem Entführer. Und hasst sich dafür, denn er kann ein herzloser Arsch sein. Aber auch ein zärtlicher, rücksichtsvoller Lover. In immer gefährlicheren Situationen geraten die beiden, als Grayson zu seiner alten Clique zurückkehrt, einer Bande scheinbar skrupelloser Outlaws. Und immer haben sie die Cops auf den Fersen. Mehr wird nicht verraten. Es wäre zu

schade, anderen Lesern den Spaß an diesem erotischen Pageturner und Thriller zu verderben.

KurzbeschreibungHE SEETHES WITH RAW POWER THE FIRST TIME I SEE HIMpure menace and rippling muscles in shackles. Hes dangerous. Hes wild. Hes the most beautiful thing Ive ever seen.So I hide behind my prim glasses and my book like I always do, because I have secrets, too. Then he shows up in the prison writing class I have to teach and he blows me away with his honesty. He tells me secrets in his stories, and it's getting harder to hide mine. I shiver when he gets too close, with only the cuffs and the bars and the guards holding him back. At night, I cant stop thinking about him.But thats the thing about an animal in a cageyou never know when hell bite. He might use you to escape. He might even pull you into a forest and hold a hand over your mouth, so you cant call for the cops. He might make you come so hard, you cant think.And you might crave him more than your next breath.*****WARNING: PRISONER is a dark romance that explores dubious consent and captivity.
