FANTASTIC! ANOTHER MACGREGOR HIT!!Von Ein KundeThe REBELLION takes place just before the ill-

fated battle of Culloden. This magnificent story revolves around Serena MacGregor, the proud daughter of the laird of the MacGregor clan, and the half scottish and english lord, Brigham Langston, the man destined to love her. Nora Roberts definitely captured the turmoil and violence of that time era. The fear and anguish felt by the innocent victims, including Serena and her family, in the aftermath of the battle of Culloden, was palpable. The scenes described in this story intrigued me so much that I looked up the battle of Culloden on the web. I must say she did a commendable job in incorporating the battle into this story. The love between Serena and Brigham, that grew despite their social standings, acts as a beacon of light in the mist of the chaos and destruction. The REBELLION is truly a wonderful addition (I consider it so, even though it was first published over ten years ago) to the MacGregor collection. It is a must read that you will love. Trust me!

I have read other books written by Marsha Canham called "Pride of Lions" and "Blood of Roses". The characters in those books correlate to the characters in this book. The Battle of Culloden was a slaughterhouse battle. The ending of it makes me feel frustrated and sad ... especially knowing that Scotland never had another king since then, and Queen Elizabeth II reigns for all. The book was a great read ... not as detailed nor as bloody as Ms. Canham's book, but very passionate in her display of Scottish pride. If you like history and if you like romance, then read this book. It is a light read, but well worth it!

I just wish there were a list of all the books in this series, listed in sequential order. I have now purchased a total of 7 titles about the MacGregor's; reading on though still uncertain of the correct sequence! But it almost doesn't matter. As always, I love Nora Roberts' talent for bringing so much personality and development to her characters. Most of all, I love getting to the end of a book and knowing there is more to come in the next title! I only hate it when I get to the end of the series!
