Einfach genialVon LinibubEiner der schnsten und spannendste Liebegeschichten die gelesen habe!!!Ich hoffe das Sydney noch viele weitere Bcher schreibt, denn die Geschichten die ich von ihr bis jetzt gelesen habe ( Fanfiction) knnen fr Karen Rose undKarin Slauther echte Konkurrenz darstellen!Viel Glck Sydney! Kurzbeschreibung Catriona Kit Witmer was a shooting star in the Secret Service. When a high profile detail goes horribly wrong, her career is derailed, leaving her to fall into a bottle. Forced to pick up low level celebrity security details to keep herself afloat, Kit is set on a path of self-destruction and increasing isolation. Claire Avondale is a Senator in need of discreet protection that falls outside of the normal security details offered by the government. Increasingly targeted by religious fanatics for her progressive push of policies in support of genetic research, Claire soon finds herself being hunted by the very people who are supposed to protect her. When Kit is hired by Claire to be her bodyguard, she is forced to face her demons, as their mutual attraction escalates and Claires own secrets are revealed. Will Kit be able to save herself and Claire from the enemy hell bent on destroying them? This debut novel from Sydney Gibson will leave you guessing at every twist and turn, and sucked into the sweeping romance of the two leads. Leaving you wanting more page to page.
