Von Magritte There are so many Indie books out there that my Kindle has a hard time uploading everything I want. I read a book a day (mostly) and I have to admit that I start to sometimes have the impression to be reading the same things over and over again. The story of Renegade Lady intrigued me even though I am not into Motorcycle Club

stories. It is dark, it is strong, it is powerful and it keeps you awake, somehow it reminds me of a good coffee .... or a good lover. Jenna... Jenna hasn't had it easy, and that's a mild way to put it. When she is saved by Chipper your heart would break for this girl. Kidd's heart did definitely get involved with her from the moment on, but is he better than the one who abused her? She is only 16 and he can't stop thinking and being hard for this young girl his brother (Chipper) has brought home. Before Kidd has to go clean for his father (President of the MC) Jenna and him become friends, but both want more. Cleaning up the place where she came from took longer than expected and when Kidd returns she is nearly a woman, the answer to all his desires. But then.... man can be so very stupid and woman so very stubborn... Jenna feels hurt and she decides to become no one's old lady not even Kidd's. So in order to stay at the club she either become a club's whore or an old lady. She chooses the first much to the horror of Kidd, who will do all he can to protect her: from herself, from himself and from her past. Ok so first of all, this story can be read as a standalone (there is a second part planned however) it does NOT end with a cliffhanger, it has a HEA and it is no easy read, some scenes are difficult, and there is a lot of sex consensual and not. Kidd is great, a real man and Jenna (aka Ice) is such a strong woman, with a great mind and mouth. They are fascinating and kept me awake all night. I knew I should not have started reading this before going to sleep, but it was so much worth it! So I loved the writing! It has rhythm and keeps you breathless. I just regretted the too much repetition. I loved the character development, all of them became alive while reading. I loved the plot. It was strong and dark and fun... I am so curious about the next book of this series. Enjoy the read MBTM0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastic Biker Story! Von Tea P This one was tough. There are situations described in this book, that were hard to handle. But in the end it was totally worth it. What Jenna had to live through as a kid and especially in her teenage years until Chipper saved her was horrible. I don't want to spoil anything here, but you have to be aware that there will be a lot of stuff that is atrocious and cruel regarding the treatment of women and underage girls. But there is also this wonderful story of Jenna's years after Chipper rescued her and took her home with him to his kind wife, Mindy. Of course, there Jenna also meets Kidd, Chipper's younger brother. And already at the age of 16 she is instantly crushing hard on Kidd. But he is a decade older than her, which is giving him a hard time. While he is trying to keep his feelings for Jenna in check and his hands off of her, he makes a lot of mistakes. Finally the girl, Kidd so desperately tries to see as his little sister, is not only becoming a beautiful woman, but also legal. Though Kidd screws up - big time. And the roller coaster that is Jenna's life turns another twist. Renegade Lady had it all for me: heartbreak, grief, suspense, sensuality, tragedy, angst, hope and all different kinds of love. All the characters were very well developed. The story itself was captivating and I couldn't put this book down. If you are into biker novels, you have to read this one. You won't be disappointed. This was a fantastic start for a series and I can't wait for the next installment to be released.
