Von Rhavensfyre : Rest and Relaxation (Lesbian Romance) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rest and Relaxation (Lesbian Romance) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I have yet to finish this one :(Von kareninWhile the book started nicely I very soon got angry with it. It just lists odd situations that are overloaded with klischees.Like this one: One woman tells her favourite horse that she fears to be just a holiday fling for the other. The other (of course!) overhears this and walks away thinking "Oh, no! She thinks she is only a holiday fling for me!"Nothing there that a decent conversation between adults could not fix. But I suppose the book would be a lot shorter in that case. The way it is now, stupid thoughts and made-up conflicts drag on.No, honestly, there are many books out there that are way better and a lot more fun.0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Hit !Von Renate ZiescheI really loved the story and who doesn't need RR...well

done! I can only highly recommend it...you will not be disappointed..

Kurzbeschreibung Allyse De Leon is a high powered executive at the top of her game, until one day, her hectic life catches up with her. She grudgingly agrees to get some medically ordered rest and relaxation. Leaving behind the comfort of glass, steel and concrete, she finds herself in the middle of nowhere, thrown together with a most unusual hostessa woman who has her own way of doing things and has no respect for Allyses position. Dani Saxon is used to being alone. Lifes lessons has taught her that its less complicated and a lot less painful that way. She loves her horses and her farm and making her own schedule. She doesnt like getting up early and she sure doesnt worry about deadlines or dealing with people unless she wants to. When Allyse meets Dani, shes intrigued with the quirky cowgirl. An attraction that flip-flops between frustration and desire. The woman is emotionally hard to peg and even more difficult to deal with at times. Dani isnt the type of woman you can easily put in a box and label no matter how hard you try. She doesnt understand why this woman is so important to her, but shes willing to see where it all might go. Theres one problem. She only has thirty days. After that, Allyse has to go back to New York. Will that be enough time to determine if Dani is the one or will Allyse leave her behind and go on with her life? A lesbian romance you won't soon forget and will want to read over and over again.
