He is to direct the shooting of a film there as decided by Olivia's father, who is Michael's boss. It is her father's attempt to make up for past failures. Of

course, the attraction is still there between the two childhood sweethearts. The character Olivia seems rather insecure to me - with a bit of a chip on her shoulder. But it is an enjoyable read.0 von 0 Kunden fanden die folgende Rezension hilfreich. it keeps getting better...Von Book-AddictNo. 3 of the Laurel Heights series and another great book from Kate Perry.I have already enjoyed the first two books immensely and the third one has not been an exception to that. Olivia is a character that you just have to love. The fact that she owns a lingerie store (who would not love to have that) just adds to the perfect picture.When her dad and her highschool sweetheart make their appearance in her hometown she is caught off guard and she would like nothing better than for them to disappear again as quickly as possible and never come back again. Fuel is added to the flames when some secrets are revealed that would have better stayed hidden. But a big fire makes for good sparks so you will not be disappointed by Kate Perry who can make you feel like having a fever with only a few sentences...Everyone who enjoyed the first two books will also love this one.As usual I will highly recommend buying that book! For the kindle it's almost free and the paper version is still worth every single penny and more!Caution: do not start reading when you have made plans for the near future.. you will have to reschedule since there is no way you will be able to put aside this book!0 von 0 Kunden fanden die folgende Rezension hilfreich. Laurel Heights returnsVon Susan Williams-GoebberTo all Laurel Height book 1 and 2 readers you have to get book 3. It was nice to read another Kate Perry book. Something to take my mind of work and jump into the lives of our 3 freinds. Now I don't think I would have stayed around the house if my Ex came back into town or having my father who I haven't seen in years and don't really like stay in the same house. I think I would have moved out for a few weeks or so. Right don#t want to give much away so go ahead and read.

Kurzbeschreibung"Perry is a storyteller, weaving magic wherever she goes, much to the delight of her millions of fans." The Literary Shed That rat bastard Michael Wallace is back. The last person Olivia Parker expects to walk into her lingerie shop is her high school sweetheart. She's so over him. Mostly. Except that he's hotter than ever and still knows her better than she knows herself. But how can she risk her heart when she knows he's just going to leave again? It's a simple plan: return home, shoot the movie, and leave emancipated from the contract he signed eleven years before. But Michael's plan gets blown away the moment he sees Olivia again. Smart, sexy, and successful, Olivia is distraction personified. Only worse than thatMichael fears Olivia may be his heart and soul...
