**Von Kristen Ashley : Rock Chick (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Chick (English Edition):

Entertaining romantic suspense!Von JohannaI found this book on one of my endless journeys through Goodreads and decided to give it a try. It was a great, enjoyable read and I'll definitely check out the other title in this series about the Rock Chicks.Seemingly all of a sudden, Lee Nightingale has decided to seriously pursue India Savage who's been in love with him forever. Now, he feels that he's ready to have her. The problem is that Indy has been avoiding him for

ten years after the umpteenth refusal by Lee in her twenties. But she needs him to sort out this huge mess she somehow got into. Suddenly, she has to deal with being kidnapped, stunned, missing the coffee guy in her book store, everyone thinking she knows where the missing diamonds are and her and Lee's family completely freaking out because Lee's announced that they're finally together. But Indy is a rock chick which means she looks the problems in the face with severe rock chick attitude and loads of style. Even though Indy hates it, I can totally understand why Lee says that she's cute. Because she really is. She and her friends are hilarious. It's totally beyond me how one woman manages to be constantly in trouble ALL the freaking time. And I also thought that she acted really stupid a lot of times. But Indy is probably the complete opposite of me, so it's completely impossible for me to relate to a woman who cannot stay in the car when she's told to and simply HAS to go look at the fight/chaos/bad guys/whatever, sometimes simply because she's curious. I loved Indy's totally crazy friendship with her best girl Ally Nightingale, Lee and Hank's baby sister, who doesn't want to be babied at all. However, I did fall in love with Lee. I loved his honesty, right from the start. He calmly tells Indy what he wants from her. He's the typical badass, grumpy, possessive and protective alpha male that all women crave. Lee feels that Indy makes him lose control all the time, but then he wouldn't want a woman who simply does what she's told anyway. They are the perfect match just like Indy's grandmother had said. I thought the book was really kind of long, it had some lengths that could have well been cut out. But overall, I liked it a lot. It was entertaining and lastly not only focused on the romance at all. The numerous characters are wonderfully drawn out and there was also a crime story. The series focuses on the rock chicks, tough girls who don't like to cry, never grow up and are obviously into the rock'n'roll lifestyle and about their friends and families, foremost the hot bunch meaning the totally awesome guys working for Lee Nightingale, PI. The next book will be about Eddie which I'm really looking forward to. He's a cop and colleague of Hank, Lee's brother. He deserves his own story and his very own rock chick. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wunderbar! Von Eva Kappel Dieses Buch (beziehungsweise die ganze Serie, wenn ich ehrlich bin) ist einfach super. Humorvoll und sarkastisch... Die Autorin weiß wirklich wie man es schafft, sympathische Charaktere zu erschaffen... ich kann es gar nicht erwarten, die ganze Serie zu beenden (und mich nachher über die anderen Serien herzumachen) Wenn man dieses Serie mag, hier noch ein kleiner Tipp: Auf Kristen Ashleys Webseite gibt es eine Reading order.. da die Charaktere anscheinend auch in anderen Serien vorkommen, ist es empfehlenswert dort vorbei zuschauen, wenn man sie in der richtigen Reihenfolge lesen will. Allerdings, muss ich auch sagen, dass diese Art von Romanen/dieser Schreibstil evtl. nicht jedem gefällt! Ich, allerdings, liebe die Bücher! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Sehr gut Von Anna Das Buch ist zum totalen Gleichzeitigen aber auch so was von schön. Ich liebe die Frauen von Ashley. Keine gibt klein bei und hat ihren eigenen Kopf. Das Buch kann man nur genießen

**Kurzbeschreibung** Indy Savage, cop's daughter, rock chick and used bookstore owner, has been in love with Lee Nightingale, once bad boy, now the man behind Nightingale Investigations, since she was five years old. No matter what ingenious schemes Indy used to capture his attention, Lee never showed an interest and Indy finally gave up. Now Indy's employee, Rosie, has lost a bag of diamonds and bad guys are shooting at him. When Indy gets involved, Lee is forced to help. Complicating matters, Lee has decided he's interested, Indy's decided she's not. But she can't seem to keep Lee out of her life when she's repeatedly stunned, kidnapped and there are car bombs exploding (not to mention she's finding dead bodies). Indy's best bet is to solve the mystery of the diamonds before Lee. Lee's challenge is to keep Indy alive and, at the same time, win back her heart.

Über den Autor und weitere Mitwirkende Kristen Ashley grew up in Indiana, but has lived in Colorado and the West Country of England. Thus she has been blessed to have friends and family around the globe. Her posse is loopy (to say the least), but loopy is good when you want to write. Kristen was raised in a house with a large and multi-generational family. They lived on a very small farm in a small town in the heartland and existed amongst the strains of Glenn Miller, The Everly Brothers, REO Speedwagon and Whitesnake (and the wardrobes that matched). Needless to say, growing up in a house full of music, clothes and love was a good way to grow up. And as she keeps growing up, it keeps getting better.
