Von Nalini Singh : Rock Hard (Rock Kiss Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Hard (Rock Kiss Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. a nearly perfect book in this series!Von ClaudiaI finished this a long time ago but could not find the right words to write a review ... you ask why? yes, that is a good question.I think, now after I re-read the first two books, I know the answer.I loved this book. from the beginning, when I started Rock Addiction, I could not wait to read this book. I was so excited to read Charlottes and T-Rex story, that I knew, it would be hard to match this in reality.but Mrs. Singh did it!

I loved the first three quarters - it was perfect there. I adored Charlotte and how she came out of her shell. She really developed and opened up and it was great to see how she fought with T-Rex and stood her ground. Loved Gabriel, because to be honest: what is not to love there. He reminded me of the chameleon: hot, gorgeous, caring, kind (yes, kind behind his front), tender and accepting and oh so alpha. he is the perfect hero! for me the book should have been longer (... but to be honest, every book by Nalini Singh could be longer so that it doesn't have to end ;)) it was so focused on Charlotte and how she worked on her demons, that Gabriel came a bit short. He had his own hang-ups and his own troubles to deal with, but unfortunately we don't see a lot of them. and therefore have only a glimpse into how they are working through them. Nevertheless, I love this book and this series and I can't wait to read the next book in this series. Noah and Kit will rock! I know that! thanks Ms. Singh for writing these perfect love series! 0 von 0 Kunden fanden die folgende Rezension hilfreich. ... a nice romance novel with a little bit suspense Von anja25ive I was sooooo sceptical and reluctant to read this book, because I couldn't finish the 1st. I wanted to throw it out of the window as I really disliked the guy and the way the woman let him treat her. The short story was fine, but nothing too last. After all the comments I saw about the newest edition I finally picked up the second book and it was a vast improvement from the 1st one. I think reason for that improvement was Charlotte and her Trauma, because Gabriel was nothing different than the way too protective, possessive and controlling alpha male that annoys me a lot. But despite Gabriel being honest and not wrapping Charlotte in cotton he toned his "too much alphaness" down, probably too his own benefit, because he really wanted her and didn't want her to run away from him - but it worked. Charlotte grew more confident and definitely had more of a backbone than her friend Molly, I still just wished she wouldn't have turned so easily into goo whenever Gabriel set his mind to seduction. And don't get me started on that horrible prenuptial, that read like a manual from the 16th century. (I don't find these things funny, flirty or playful.) Besides that the couple worked quite well together. The story itself kept me going too. I'm not a contemporary romance reader by default, so the little suspense added to the story fitted my liking quite well. I just wish some of the plot points would have gotten a chapter except for just being a side note. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Absolut lesenswert! Von Sarah Barnack Ich habe den Vorgänger "RockKiss" gelesen und dieser hat mir nicht so wirklich gefallen. Er war ok aber das wars auch schon. Diese Story wiederum ist einfach toll. Ich liebe beide Charaktere und die Entwicklung der Geschichte. Wirklich lesenswert und man wird fröhlich reingezogen in die Geschichte. Ich konnte das Buch bzw. den Kindle nicht weglegen bin ich fertig war :)
