KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. NajaVon MinelliWenn es keine deutschen Rezensionen gibt, dann lese ich immer die auf .com. Da stehen dann so Sachen wie "der beste Sportlerroman", "wenn du Sportlerromane magst, dann musst du das auf jeden Fall lesen" und solche

Sachen. Jetzt habe ich in meinem Leben schon wirklich viele Sportlerromane gelesen und der hier kommt sicher nicht mal unter die Top Ten. Klar ist diese ganze Agent-Client Geschichte recht spannend. Mir hat allerdings zum Beispiel nicht gefallen, wie sie zwischendurch einfach aufgeben und versuchen ihr Leben weiterzuleben auch wenn es klar ist, dass sie das ohnehin nicht können. Außerdem gab es mir am Ende zu viele lose Enden. Warum hatte Trey Angstattacken. Sowas hat man nicht einfach. Da wurde einfach nur gesagt, dass er sie schon immer hat und fertig. Warum hatte Sloane eine schlechte Beziehung zu ihren Eltern? Was ist mit ihrem Vater los? Die xxx-Szenen waren nicht erwähnenswert. Wirklich nicht. Im Großen und Ganzen war das Buch nicht mehr als Durchschnitt.

Kurzbeschreibung Trey Domato is the next big thing in football. A quarterback with a cool head, smoldering eyes, and a cannon for an arm, he's collected awards, trophies, and hearts across the country. He's on every girl's mind. Every coach's dream sheet. Every agent's wishlist. Including Sloane Ashford's. Sloane grew up at her father's side in the Ashford Agency. He built the company from the ground up, representing some of the biggest names in sports, and now Sloane is determined to find her place among its top agents. She's got the knowledge, she's got the drive, and if she can land Trey, she knows she's got her 'in'. But it's hard to keep your eyes on the prize when the sweetest, sexiest smile you've ever seen is constantly on your mind. When the hottest hands in the nation are in your hair. When you're whispering the name thousands of fans are screaming at the top of their lungs. Sleeping with a client is a mistake, but falling in love with him? That's some rookie sh#t right there. *Due to language and sexual content this book is not recommended for readers under 18. Each book in the Offensive Line series is a STANDALONE following a different player every time. - Release Order - Rookie Mistake Sugar Rush Wide Open Kurzbeschreibung Trey Domato is the next big thing in football.
