Now they're not. They haven't said a word to each other in nine years. Haven't seen each other in all that time. Something happened back then that made Amelia break Justin's heart and now he hates her.So her grandma leaving her beach house to the both of them would be the perfect opportunity to clear the air once and for

all.... you'd think so.... But Justin really hates her! Amelia is a teacher and so she has the whole summer off - a summer she wants to spend at that beautiful house. And once Justin shows up with his girlfriend things are heating up. But not in a sexy way. Jade is really nice, but Justin just keeps insulting Amelia, or ignoring her. But of course we know, or hope, that Justin's behavior comes from his deep inner feelings for his old friend.... But we also don't really want to hurt Jade. We also go back in time a few times, to see how Justin and Amelia met, how they became friends etc... But then there's a second part to this book - and I think saying that already spoils things But no - you still don't know what happens.... :P What will happen to Amelia Justin Jade? Will anything happen romantically?? Will they work on being friends again? Or was Justin too hurt to ever forgive her? Will there be a HEA? Will everybody die at the end? I was sooo looking forward to reading this! THANK YOU PENELOPE!!!! I loved it! Justin!!!! He was a real ass in the beginning of course But he's been hurt - we don't yet know what it was that hurt him so badly, but we feel with him. Amelia does too, and that's why she wants to clear the air - to talk it all out, but he's too stubborn and too hurt to listen to her. I just loved those two together - I felt bad for Jade of course, but I really wanted Amelia and Justin to work things out and get their Happy Ever After! I'm such a huge rockstar-romance fangirl - not that Justin is a rockstar - but he sings, and plays the guitar and that's totally enough for me to do some fangirl-squeeees I loved every single word of this story, I finished it way too fast :/ There were sooo many FEELS in this book - so many moving moments, but also sexy moments and funny moments - and LOTS of adorable Justin moments!!!!!! Just perfect! Was there something I didn't like? Hm, maybe the fact that Justin has a girlfriend when they meet again bothered me a bit :/ There could've been sooo many amazing sexy scenes without Jade in the picture #RoomHate was an extremely beautiful emotional sexy friends to enemies to lovers second chance romance. About the past the present, about hurt hate, about love hope and about verrrrry adorable moments in a beach house!!! 1 von 1 Kunden fanden die folgende Rezension hilfreich. 5 stars for a love that was always meant to be! Von Sejla Since the first time Penelope Ward posted the blurb for Roomhate I wanted to read this book so bad! Let me tell you that I was not disappointed. This story had just the right amount of sexy, angsty and heart-melting moments. I have devoured it in only a few hours. What I love about Penelope's writing is her incredible talent and ability to make you lose yourself in her books. She will make you laugh out loud in one moment and make you cry in the next one. One thing is sure though, she will always make you feel. This book was no exception to that. But first let me tell you what this book is about: Nine years ago Amelia left Providence behind and moved to New Hampshire. Now she is twenty-four, single and a teacher. Her grandmother has recently died and left her half of her summer house in Newport while leaving the other half to the only person she has ever loved: Justin Banks. The blond haired and blue-eyed boy that played the guitar and became her best friend. They were literally inseparable, until they weren't anymore. After discovering a secret he was holding from her, Amelia ran away leaving everything behind. After so many years without any contact between them Amelia needs to face Justin again. But the pretty boy from then has turned into a gorgeous grown up man with scruff and tatoos who hates her with great passion. Now they need to live together because neither one of them is willing to give up the house. But this is not the worst part. The worst part is that he didn't come alone. His girlfriend was with him. Justin and Amelia will soon realize that there is a very thin line between love and hate and that their connection is still there. No matter how much they both fight it, the chemistry between them is undeniable. You know what they say: We learn to appreciate what we had when we lose it and that we tend to want things we can't have anymore? Yeah, that's exactly what Amelia feels. But sometimes things unexpectedly take a turn for the better and in the end everything turns out the way it was always meant to be. 5 stars for Penelope Ward. 2 von 2 Kunden fanden die folgende Rezension hilfreich. Struggling story Von -Kunde I'm a little bit torn back and forth about this book. It's well written and has a nice story, but I just cannot believe that two people can struggle this hard and don't realize their affection. And I didn't like the sex scenes. They reminded me of a porn, no romance in it.

Kurzbeschreibung The #1 Wall Street Journal Bestseller. From New York Times Bestselling Author, Penelope Ward, comes a new standalone novel. Sharing a summer house with a hot-as-hell roommate should be a dream come true, right? Not when it's Justin the only person I'd ever loved who now hates me. When my grandmother died and left me half of the house on Aquidneck Island, there was a catch: the other half would go to the boy she helped raise. The same boy who turned into the teenager whose heart I broke years ago. The same teenager who's now a man with a hard body and a hardass personality to match. I hadn't seen him in years, and now we're living together because neither one of us is willing to give up the house. The worst part? He didn't come alone. I'd soon realize there's a thin line between love and hate. I could see through that smug smile. Beneath it all the boy is still there. So is our connection. The problem is now that I can't have Justin, I've never wanted him more. **Kurzbeschreibung** The #1 Wall Street Journal Bestseller.
