Von Jane Green : Saving Grace (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Saving Grace (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Saving GraceVon miss.mesmerizedAfter her husband Ted's assistant left them to care for her mother, Grace feels life become more and more a mess. They are in urgent need of help if they want to continue their careers as writer and cook. And out of nowhere there she is: Beth, a lovely and warm, albeit a bit plain girl who likes nothing more than managing

other people's life and making them comfortable. Everything seems to be perfect but slowly dark clouds are arriving and Grace's life takes unusual steps. Before she can do anything about it, Beth takes over the lead and Grace's life drifts away. Jane Green's writing keeps you reading on and on and on. It is fascinating to see how slowly Beth manages to seed mistrust and thus bring everything to a breakdown. The two main characters are both women which is already astonishing, both of them strong in their will and the ability to convince people, this leads to an equal fight of which the outcome is not clear for a long time. Clever as the characters interact is also the construction of the novel which is thrilling in some parts and interesting in the characters' development in others. All in all, entertaining to read and maybe closer to reality than one could believe.

Kurzbeschreibung From the number one bestselling author of *Tempting Fate* and *The Accidental Husband* comes *Saving Grace*, Jane Green's stunning novel about a shattered marriage and a devastating betrayal. A perfect stranger wants her perfect life. Grace Chapman has the perfect life, living comfortably with her husband, bestselling author Ted, in a picture-perfect farmhouse on the Hudson River in New York State. Then Ted advertises for a new assistant, and Beth walks into their lives. Organized, passionate and eager to learn, Beth quickly makes herself indispensable to Ted and his family. But Grace soon begins to feel side-lined in her home - and her marriage - by this ambitious younger woman. Is Grace just paranoid, as her husband tells her, or is there more to Beth than first thought? **Pressestimmen** Green is women's fiction royalty . . . a compelling family drama (Glamour) **Werbetext** A compelling story of betrayal from the international bestselling author
