Join the Jackson Steele Fanclub and become a resident of Swoon City!Von Kayla C BlackThis is the 5th book in the Rock Falls Series (One of my favorite series ever)My thoughts on the first 4 books:Book No. 1 Oh my

GodGreyson Holt hes so hot!!!! Nobody could ever be hotter.Book No.2 Wow, I love Jamison Henley! It definitely cant get better than that.Book No.3 WHAAAAT? Oh, I sooo adore Braxton Bennett. *faint* Absolutely my favorite book.Book No.4 Help! I love Jayden King. Love love love him! Nothing will ever surpass the awesomeness that is Jayden King.So now book No. 5 is about Jackson? Hannahs ex from the first book? The one she broke up with because of his bi-polar episodes? Im not really sure if I wanna read a whole book about him. Of course that didnt stop me from reading it anyway, since Im addicted to the series.And Anne totally showed me how wrong I was with my initial opinion because.JACKSON STEELE?#OMG#ICantEven#NuffSaidIm 100% a resident of Swoon City now. Just like Kennedy.You definitely need a box of tissues when reading this book because the prologue (written in Rykers POV) already had me crying.In the end I cried as well, mostly happy tears, though.And everything in between is just so beautiful.I highly recommend this book to everyone who likes to read a good story.This book is so beautifully written that you never want it to end. I love Annes writing style. Its so easy and fun to read.It has happy momentsSad momentsFunny momentsSexy momentsGreat characters.Theres so much emotion in this book. It made me laugh out loud, it made me cry, it made me go AWWWW and I also really enjoyed that we get to read more about the characters of the previous books as well.All in all, it was a GREAT read and definitely gets 5 big fat stars from me.The only thing left to say it this:BRAVO!!!!And now I can't wait for the next book in the series!

KurzbeschreibungKennedy Cross had her heart broken early in life. It wasn't someone or something who betrayed herit was her own body. Despite it being all shes ever wanted, Kennedy will never know what it feels like to feel her babys feet kick from the inside out. Having been pronounced infertile at only eighteen, she redirected her life the best way she could. Eight years and a degree later, Kennedy is one of the most well-loved first-grade teachers at Rock Falls Elementary School. It doesnt matter that her college boyfriend left her because he wanted children of his own. She has twenty-two of the most gorgeous six-year-olds who adore her and she wouldnt have it any other way.Jackson Steele deals only in extremes. He falls victim to manic episodes lasting for days, sometimes weeks at a time, sending him reeling from volatile highs to devastating lows. Its a living hell just being inside his own mind, and that hell has taken everything hes ever loved away from him. But what if, this time, it gives him something? An untimely gift from God and a brunette with legs eight miles long will bring him the most unforeseen joy but also his most challenging of tests.What happens when circumstances of life threaten the one thing both Jackson and Kennedy love? Saving Steele from himself may prove to be too much for Cross to bear.KurzbeschreibungKennedy Cross had her heart broken early in life.
